**Patient responsibility**

- If there are any changes with your insurance(s), please notify our office prior to your procedure date.
- After your procedure is scheduled, you may receive a call from the Presbyterian Registration department to verify your information and insurance coverage. You may call the department with registration questions at **559-1009**.
- If you need financial assistance with the cost of the procedure, or if you have financial or billing questions, please call 923-6600.
- If your insurance requires a referral, it must be current at the time of your procedure, or you may be liable for payment.
- Remember to bring your insurance card(s) with you the day of your procedure.

**Purchases**

- Three 10-oz. bottles of Magnesium Citrate. This is available over-the-counter; you do not need a prescription.

---

**IMPORTANT!**

Please read these instructions one week prior to your procedure

It will take you several days to prepare for this test. You may also need to stop taking certain medications up to a week in advance. Please read these instructions well in advance of your procedure date. We recommend that you post these instructions in a visible location at home to remind you of the various steps you will need to take.

- You will need to take the day off from work.
- You will need someone to drive you home after your procedure. You cannot drive yourself home because you will be receiving sedation medication.
- If your doctor removes polyps during the procedure, we recommend that you do not travel for two weeks after the procedure.

Five days prior to your colonoscopy

- Coumadin, Plavix, Persantine, Ticlid (Blood Thinners):
  Do not discontinue these medications without instructions from your cardiologist, prescribing physician or Coumadin clinic. Contact the prescribing physician for instructions. If your physician does not want you to stop these medications, please notify our office at 224-7000.

- If you are diabetic, please contact your prescribing provider for diabetic medication instructions.

DO NOT take the following medications:

- Alka Seltzer, Pepto Bismol, Iron supplements

Three days prior to your colonoscopy

DO NOT eat foods that contain seeds, corn, or nuts

Two days prior to your colonoscopy

- DO NOT EAT ANY SOLID FOODS!
  - You can only drink clear liquids for breakfast, lunch, and dinner. See the list of clear liquids in this packet. Avoid red, orange and purple colored Jell-O and Gatorade. This discolors your stool and interferes with the colonoscopy.
  - At 5 p.m. drink the entire 10-oz. bottle of magnesium citrate.

The day before your colonoscopy

- DO NOT EAT ANY SOLID FOODS!
  - Continue drinking clear liquids for breakfast, lunch, and dinner. Avoid red, orange and purple colored Jell-O and Gatorade. This discolors your stool and interferes with the colonoscopy.
  - At noon drink one 10-oz. bottle of Magnesium Citrate.
  - At 5 p.m. drink one 10-oz. bottle of Magnesium Citrate.
On the day of your colonoscopy

• By 6 a.m. the day of your procedure, please take your blood pressure, cardiac and seizure medications.
• **DO NOT** take any other medications 6 hours prior to the test.
• You may have clear liquids up until 4 hours prior to your appointment time.
• Bring inhalers, reading glasses, and hearing aids if you use them.
• Remove all jewelry and leave valuables at home.

Normal symptoms you may experience from the preparation:

• You may become nauseated. This will subside.
• You will have diarrhea from the bowel preparation medications. This will start between a few minutes to 3 hours after you start the prep.
• Because of the diarrhea, you will need access to a toilet once you begin the bowel preparation. Plan your day with this need in mind.
• Most people have bloating and abdominal discomfort. This is normal. Do not be alarmed if you feel these symptoms.
