Welcome

Welcome to Presbyterian Health Plan!

Welcome and thank you for joining Presbyterian Health Plan. We are a Health Care Insurer operated as a division of Presbyterian Healthcare Services, a locally owned New Mexico health care system. When we use the words “Presbyterian Health Plan”, “PHP”, “we”, “us”, and “our” in this document, we are referring to Presbyterian Health Plan. When we use the words “you” and “your” we are referring to each Member.

As part of Presbyterian Healthcare Services, the health plan represents an organization with over 100 years of community services to New Mexicans. Our priority has been and will continue to be improving the health of individuals, families and communities. We are working to make sure that you receive quality care and service.

We are pleased to provide you with access to a comprehensive network of Physicians, Hospitals, and outpatient medical Providers, who provide services for your Covered Benefits. We provide utilization management and quality improvement oversight programs with our commitment to Member service. We work closely with you, your Covered Dependents and your health care Practitioners and Providers to provide a quality, affordable health care plan.

Our Agreement with You

This is your Subscriber Agreement (Agreement) and it is a legal document. This Agreement, along with the Summary of Benefits and Coverage, describes the Covered Health Care Benefits and plan features that you and your eligible Dependents may receive when you enroll.

This policy, including the endorsements and attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurance company and unless such approval and countersignature be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

Information you will find in this Agreement includes:

- Your rights and responsibilities as a Member
- Covered Benefits available through this Plan
- How to access services from physicians, Practitioners, Providers, and Pharmacies
- Services that require Prior Authorization
- Limitations and Exclusions for certain Covered Benefits
- Coverage for your Dependents who are outside of New Mexico
- A Glossary Of Terms used in this Agreement
- What to do when you need assistance
Throughout this Agreement, we ask you to refer to your Summary of Benefits and Coverage. The Summary of Benefits and Coverage is a chart that shows some specific Covered Benefits this Plan provides, the amount you may have to pay (Cost Sharing) and the Coverage Limitations and Exclusions.

Please take time to read this Agreement and Summary of Benefits and Coverage, including Benefits, Limitations, and Exclusions. This Agreement describes your benefits and your rights and responsibilities as our Member. It also gives details on how to choose or change your Primary Care Physician, what limits are placed on certain benefits, and what services are not Covered at all. Understanding how this Plan works can help you make the best use of your Covered Benefits.

You should keep this Agreement, your Summary of Benefits and Coverage, and any other attachments or Endorsements you may receive for future reference.

Understanding This Agreement

We use visual symbols throughout this Agreement to alert you to important requirements, restrictions and information. When one or more of the symbols is used, we will use bold print in the paragraph or section to point out the exact requirement, restriction, and information. These symbols are listed below:

Refer To – This “Refer To” symbol will direct you to read related information in other sections of the Agreement or Summary of Benefits and Coverage when necessary. The Section being referenced will be bolded.

Exclusion – This “Exclusion” symbol will appear next to the description of certain Covered Benefits. The Exclusion symbol will alert you that there are some services that are excluded from the Covered Benefits and will not be paid. You should refer to the Exclusion Section when you see this symbol.

Prior Authorization Required – This “Prior Authorization” symbol will appear next to those Covered Benefits that require our Authorization (approval) in advance of those services. To receive full benefits, your In-network Practitioner/Provider must call us and obtain Authorization before you receive treatment. You must call us if you are seeking services Out-of-network. In the case of a Hospital in-patient admission following an Emergency Room visit, you or your physician should call as soon as possible.
**Timeframe Requirement** – This “Timeframe” symbol appears to remind you when you must take action within a certain timeframe to comply with your Plan. An example of a Timeframe Requirement is when you must enroll your newborn within 31 days of birth.

**Important Information** – This “Important Information” symbol appears when there are special instructions or important information about your Covered Benefits or your Plan that requires special attention. An example of Important Information would be how Dependent Students may receive Covered Benefits.

**Call Presbyterian Customer Service Center** – This “Call PCSC” symbol appears whenever we refer to our Presbyterian Customer Service Center or to remind you to call us for information.

In addition, some important terms used throughout this Agreement and the *Summary of Benefits and Coverage* will be capitalized. These terms are defined in the Glossary of Terms Section.

Member Rights and Responsibilities

This Section explains your rights and responsibilities under this Agreement and how you can participate on our Consumer Advisory Board.

As a Member of Presbyterian Health Plan (PHP) you have specific rights and certain responsibilities.

In accordance with New Mexico Administrative Code, we implement written policies and procedures regarding the rights and responsibilities of Covered Persons. Your rights and responsibilities are important and are explained in this Section and on our website at www.phs.org.

Member Rights

The Subscriber Agreement (SA) shall include a complete statement that a Member shall have the right to:

- Available and accessible services when medically necessary, 24 hour per day, 7 days per week for Urgent or Emergency Health Care Services, and for other Health Care Services as defined by the Agreement;
- A right to be treated with respect and recognition of their dignity and their right to privacy;
- Be provided with information concerning our policies and procedures regarding products, services, Providers, Appeals procedures and other information about Presbyterian Health Plan;
- To choose a Primary Care Practitioner within the limits of the Covered Benefits, plan network, and as provided by this rule, including the right to refuse care of specific Health Care Professionals;
- Receive from the Covered Person’s Physician(s) or Provider, in terms that the Covered Person understands, an explanation of his or her complete medical condition, recommended treatment, risk(s) of the treatment, expected results and reasonable medical alternatives, irrespective of our position on treatment options; of the Covered Person is not capable of understanding the information, the explanation shall be provided to his or her next of kin, guardian, agent or surrogate, if available, and documented in the Covered Person’s medical record;
- All the rights afforded by law, rule, or regulation as a patient in a licensed Health Care Facility, including the right to refuse medication and treatment after possible consequences of this decision have been explained in language the Covered Person understands;
- Prompt notification, as required in this rule, of termination or changes in benefits, services or Practitioner/Provider network;
- File a Complaint or Appeal with us or the Superintendent and to receive an answer to those Complaints in accordance with existing law;
• Privacy of medical and financial records maintained by us and our Health Care Providers, in accordance with existing law;
• Know upon request of any financial arrangements or provisions between Presbyterian Health Plan and our Practitioners/Providers which may restrict referral or treatment options or limit the services offered to Covered Persons;
• Adequate access to qualified Health Professionals for the treatment of Covered Benefits near where the Covered Person lives or works within our Service Area;
• To the extent available and applicable to us, to affordable health care, with limits on Out-of-pocket expenses, including the right to seek care from a non-participating (Out-of-network) Provider in urgent or emergent situations only, and an explanation of a Covered Person’s financial responsibility when services are provided by a non-participating (Out-of-network) Provider, or provided without required Prior Authorization;
• An approved example of the financial responsibility incurred by a Covered Person when going Out-of-network; inclusion of the entire “billing examples” provided by the Superintendent available on the Division’s website at the time of the filing of the plan will be deemed satisfaction of this requirement; any substitution for, or changes to, the Division’s “billing examples” requires written approval by the Superintendent, in our Health Care Benefit Plan that provides benefits for Out-of-network Coverage;
• Detailed information about Coverage, Maximum Benefits, and Exclusions of specific conditions, ailments or disorders, including restricted Prescription benefits, and all requirements that a Covered Person must follow for Prior Authorization and Utilization Review;
• A complete explanation of why care is denied, an opportunity to Appeal the decision to our internal review, the right to a secondary Appeal, and the right to request the Superintendent’s assistance.

Additional Member Rights and Responsibilities

In addition to the rights and responsibilities afforded you by the state, we provide our Members with the following additional rights to:

• Receive information about our organization, our services and benefits, how to access Health Care Services, our Practitioners and Providers, and your rights and responsibilities;
• Have a clear, private and candid discussion about appropriate or Medically Necessary treatment options for your medical condition regardless of cost or benefit Coverage;
• Participate with your Practitioner/Provider in making decisions about your health care;
• Refuse care, treatment, medication or a specific Practitioner/Provider, after the consequences of your decision have been explained in a language that you understand;
• Seek a second opinion for surgery from another In-network Practitioner/Provider when you need additional information regarding recommended treatment or requested care;
• Receive Health Care Services in a non-discriminatory fashion. This means that you may not be denied Covered Services on the basis of race, color, sex, sexual preference, age, handicap, cultural or educational background, religion or national origin, economic or
health status or source of payment for care. If you have a disability you have the right to receive any information in an alternative format in compliance with the Americans with Disabilities Act;

- Make recommendations regarding our Members’ rights and responsibilities policies;
- Make your wishes known through an Advance Directive regarding health care decisions, such as living wills or right-to-die directives, consistent with federal and state laws and regulations;
- Choose a surrogate decision maker to assist with care decisions. If you are unable to understand your medical care, to have the health care explanation provided to the next of kin, guardian, agent or surrogate if available, and recorded in your medical record including, where appropriate, a medical release that you signed authorizing release of medical information;

You and or your legal guardian/representative have the responsibility to:

- Provide, whenever possible, the information that we and your Practitioners/Providers need in order to provide services or care and to oversee the quality of those services or care;
- Follow the plans and instructions for care that you have agreed upon with your treating Practitioner/Provider. You may, for personal reasons, refuse to accept treatment recommended by Practitioners/Providers. Practitioners/Providers may regard such refusal as incompatible with continuing the Practitioner/Provider-patient relationship and as obstructing the provision of proper medical care;
- Understand your health problems and to participate in developing mutually agreed upon treatment plans and goals;
- Review your Subscriber Agreement (SA) and if you have questions, contact our Presbyterian Customer Service Center Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call our TTY line at 711. You may visit our website at www.phs.org for clarification of Benefits, Limitations, and Exclusions outlined in this Subscriber Agreement. Translation/Interpretation services to understand your benefits are available, please call our Customer Service Center at the phone numbers listed above;
- Notify us within 31 days of any changes of name, address, telephone number, marital status, eligible Dependents or newborns;
- Immediately notify us or any loss or theft of your PHP Identification Card;
- Refuse to allow any other person to use your PHP Identification Card;
- Advise a Practitioner/Provider of your Coverage with us at the time of service. You may be required to pay for services if you do not inform your Practitioner/Provider of our Coverage;
- Pay all required, pre-determined Cost Sharing (Deductible, Coinsurance and/or Copayments) at the time services are rendered when amounts due are made clear at that time;
• Pay for all services obtained prior to the effective date of this Agreement and subsequent to its termination or cancellation
• Insure that all information you give to us in Applications for enrollment, questionnaires, forms or correspondence is true and complete;
• Be informed of the potential consequences of providing us with incorrect or incomplete information as described in this Agreement;
• Obtain Prior Authorization as described in the Prior Authorization Section;
• Pay any charges over Medicare Allowable.

Consumer Advisory Board

We have established a Consumer Advisory Board and we want your participation. This Board meets quarterly and provides Members’ perspectives, as health care consumers, on the products and services that we offer. In addition, we share information with the Consumer Advisory Board on how well the health plan is performing. The information we receive is very valuable and helps us improve the health of individuals, families and communities. If you are interested in serving on our Consumer Advisory Board, please call our Presbyterian Customer Service Center, Monday through Friday 7 a.m. to 6 p.m., at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call our TTY 711. You may also visit our website at www.phs.org.
How the Plan Works

This Section explains how your Health Benefit Plan works, how to access your Primary Care Practitioner to get Health Care Services, requirements you must follow when getting care and how to receive Covered Benefits under this Agreement.

This plan is an “HMO” (Health Maintenance Organization). People who receive Health Care Benefits through an HMO are sometimes called “Enrollees” or “Subscribers. We strive to work closely with Subscribers, their Covered Dependents, and their health care Practitioners/Providers to prevent illness and provide quality, cost-effective health care. Because of this close working relationship, we consider our Enrollees and Subscribers to be Members of our health plan.

We require that:

- You must physically live or work (commuting daily) in the State of New Mexico (our Service Area) unless you are a Dependent and meet all of the terms and conditions for such Coverage as outlined in the Eligibility, Enrollment and Effective Dates, Termination and Continuation of Coverage Section.
- You and/or your Dependents cannot be eligible for Medicare due to age, illness or disability.
- All of your Health Care Services are provided by In-Network Contract Practitioner/Providers in our Service Area, except for Urgent and Emergency Health Care Services situations. Please refer to the Benefits Section Accidental Injury / Urgent Care / Emergency Health Care Services / Observation / Trauma Services.
- You select a Primary Care Physician (PCP) from the Provider Directory to coordinate all of your care.
- You pay your pre-determined Cost Sharing (Deductible, Coinsurance and/or Copayments) at the time you receive Covered Services. We will reimburse the Practitioner/Provider the balance for Covered Services based upon Total Allowable Charges (some services may not require a Cost Sharing Deductible, Coinsurance and/or Copayment). Refer to your Summary of Benefits and Coverage to find Covered Services subject to Cost Sharing amounts.
- Under the Market Stabilization rule finalized on April 13, 2017, to the extent permitted by State law, Presbyterian Health Plan may attribute to any past-due premium amounts owed to it the initial premium payment made in accordance with the terms of the health insurance policy to effectuate coverage, for coverage in the 12-month period preceding the effective date. This is done in an effort to prohibit abuse of the grace period. Be aware that failure to pay premiums in a preceding 12-month period may result in the individual’s inability to effectuate new coverage until past-due premiums payments and initial premium payments are satisfied.

To receive care under our plan, you must select an In-network Primary Care Physician to manage your health care needs. Your Primary Care Physician will be able to meet most of these needs. A list of Practitioners/Providers who serve as In-network Primary Care Physicians may be found in
the Provider Directory. Primary Care Physicians include, but are not limited to, General Practitioners, Family Practice Physicians, Internists, Pediatricians, and Obstetricians/Gynecologists (if applicable). As a Member of the health plan, you may choose as your Primary Care Physician any doctor or Nurse Practitioner on that list.

If you do not designate a Primary Care Physician on your enrollment form, we will suggest one for you.

**Provider Directory**

You will find our Primary Care Physicians close to where you live and work across the State. The Provider Directory is available on our website at [https://www.phs.org/Pages/find-a-doctor.aspx](https://www.phs.org/Pages/find-a-doctor.aspx). If you need additional information about a provider, you may call our Presbyterian Customer Service Center Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call the TTY 711.

The Provider Directory is subject to change and you should always verify the Practitioner/Provider’s network status by visiting our website at [https://www.phs.org/Pages/find-a-doctor.aspx](https://www.phs.org/Pages/find-a-doctor.aspx).

**Obtaining Health Care**

**How to Obtain Primary Care Services**

To receive care under this plan, you and all Covered Members of your family must select an In-network Primary Care Physician (PCP) to manage your health care needs. Primary Care Physicians include, but are not limited to, General Practitioners, Family Practice Physicians, Internists, Pediatricians and Obstetricians/Gynecologists (if applicable).

Establishing a relationship with your Primary Care Physician is an important part of your health care benefits. Remember to contact or see your PCP before you seek medical treatment. Your PCP’s role extends far beyond treating you when you are ill; he or she understands the importance of preventing illness and promoting healthier lifestyles. Your PCP expects to manage all of your health concerns and develop an understanding of your health history.

You may want to ask relatives or friends if they have a PCP they would recommend. A Physician may not be a PCP for him/herself or immediate family members. If you do not designate a PCP on your enrollment form, PHP will select one for you. You may change your PCP by contacting our Presbyterian Customer Service Center. The requested change will be effective the next business day after you call our Presbyterian Customer Service Center.
Women’s Healthcare Provider/Practitioner

Any female Member age 13 or older may select an In-network Women’s health care Practitioner/Provider listed as a PCP in our Provider Directory as her Primary Care Physician. In addition, a female Member age 13 or older who has not selected a Women’s health care Practitioner/Provider as her Primary Care Physician may consult with an In-network Women’s health care Provider/Practitioner, without a referral from her Primary Care Physician, for any gynecological service.

Specialist Care

As our Member, you must carefully follow all procedures and conditions for obtaining care from In-network specialists and/or Out-of-network Practitioners/Providers. Out-of-network Practitioners/Providers are covered for emergency care only. We no longer require a paper referral from your Primary Care Physician (PCP) for your visits to specialists. However, it is important to your health care that your PCP is included in the decisions about the specialists that you visit. Your PCP continues to be your partner for good health and is the best person to help you determine your needs for specialty care.

Effective communication about your medical history and treatment between your PCP and the specialists that provide care for you is very important so that the best decisions can be made about your medical care. We recommend that you contact your PCP’s office regarding your desire to visit a specialist.

Please note that some specialists may require written referral even though we do not. Certain procedures require Prior Authorization. Your In-network Practitioner/Provider must obtain this Prior Authorization before providing these services to you. Please refer to the Prior Authorization Section of this Agreement.

Obtaining Care after Normal Physician Office Hours

Most Physicians offer an after-hours answering service. For non-emergency situations, you should phone your Primary Care Physician. The name and address of your PCP appears on your Identification Card. You will also find the phone number of your PCP in the Provider Directory.

If Emergency Health Care Services are needed, you should call 911, or seek treatment at an emergency room. If in need of Urgent Care, you may seek treatment at an Urgent Care Center that is available and open for business. Please note that some Urgent Care Centers are not open after 8 p.m. In such circumstances, it may be necessary to use an emergency room for care that is needed on an urgent basis. Please refer to the Benefits Section, Accidental Injury / Urgent Care / Emergency Health Services / Observation / Trauma Services Benefits Section of this Agreement for a detailed description of Coverage for Urgent and Emergency Health Care Services.
In-Network Practitioners/Providers

In-network Practitioners/Providers, including Primary Care Physicians, specialists, facilities and ancillary Health Care Professionals, must be utilized, except in cases of an emergency. Members are responsible for paying the appropriate Cost Sharing (Deductible, Coinsurance and/or Copayments) directly to the In-network Practitioner/Provider at the time services are rendered when such amounts are clearly specified by the Practitioner/Provider. Hospital Inpatient Admission and some other Health Care Services require our review and Prior Authorization before the services are provided. If you seek care from an In-network Practitioner/Provider, your In-network Practitioner/Provider will notify us and handle all aspects of your care. If that Practitioner/Provider fails to obtain a required Prior Authorization and the claim is denied, you will not be held accountable for those charges. Please refer to the Prior Authorization Section for complete details on Prior Authorization.

Generally you will not have claims to file or papers to fill out in order for a claim to be paid. The Practitioner/Provider will bill us directly for the cost of services. Most services require Cost Sharing (Deductible, Coinsurance and/or Copayments) at the time of service. The amount of Cost Sharing for each service can be found in your Summary of Benefits and Coverage. In-network Practitioners and Providers cannot bill you for any additional costs over and above your Cost Sharing amounts.

We do not require our In-network Practitioners/Providers to comply with any specified numbers, targeted averages, or maximum duration of patient visits.

Out-of-network Practitioners/Providers

Out-of-network Practitioners/Providers are health care Practitioners/Providers, including non-medical facilities, who have not entered into an agreement with us to provide Health Care Services to PHP Members.

Covered Health Care Services obtained from an Out-of-network Practitioner/Provider or outside the Service Area will not be Covered unless such services are not reasonably available from an In-network Practitioner/Provider or in cases of an emergency. You will not pay higher or additional Cost Sharing amounts under such circumstances.

Services provided by an Out-of-network Practitioner/Provider, except Emergency services, require that your Primary Care Physician request and obtain written approval (Authorization) from our Medical Director BEFORE services are rendered. Otherwise, you will be responsible for payment. Please refer to the Prior Authorization Section for more information on Prior Authorization requirements.

If the services of an Out-of-network Practitioner/Provider are required, your In-network Practitioner/Provider must request and obtain Prior Authorization from our Medical Director BEFORE services are performed, otherwise, we will not Cover the services and you will be responsible for payment.
Before the Medical Director may deny a request for specialist services that are unavailable from an In-Network Practitioner/Provider, the request must be reviewed by a specialist similar to the type of specialist to whom the Prior Authorization is requested.

In determining whether a Prior Authorization to an Out-of-network Practitioner/Provider is reasonable, we will consider the following circumstances:

- **Availability** – The In-network Practitioner/Provider is not reasonably available to see you in a timely fashion as dictated by the clinical situation.
- **Competency** – The In-network Practitioner/Provider does not have the necessary training or expertise required to render the service or treatment.
- **Geography** – The In-network Practitioner/Provider is not located within a reasonable distance from your residence. A “reasonable distance” is defined as travel that would not place you at any medical risk.
- **Continuity** – If the requested Out-of-network Practitioner/Provider has a well-established professional relationship with you and is providing ongoing treatment of a specific medical problem, you will be allowed to continue seeing that specialist for a minimum of 30 days as needed to ensure continuity of care.
- **Any Prior Authorization requested simply for your convenience will not be considered to be reasonable.**

**Services of an Out-of-network Practitioner/Provider will not be Covered** unless this Prior Authorization is obtained prior to receiving the services. **You may be liable for the charges** resulting from failure to obtain Prior Authorization for services provided by the Out-of-network Practitioner/Provider.

Out-of-network Practitioners/Providers may require you to pay them in full at the time of service. You may have to pay them and then file your claim for reimbursement with us. We will only pay this claim if the service provided was Authorized by us or was due to an Urgent or Emergency Health Care situation.

**Restrictions on Services Received Outside of the PHP Service Area**

Emergency Health Care Services and/or Urgent Care services outside of the State of New Mexico will be Covered. For Emergency Health Care Services and/or Urgent Care services received outside of New Mexico, you may seek services from the nearest appropriate facility where Emergency Health Care Services / Urgent Care services may be rendered. Cost-Sharing and benefits for an emergent health care service rendered by a non-participating provider shall be the same as if rendered by a participating provider.

**National Health Care Practitioner/Provider Network**

When receiving Urgent or Emergency Health Care Services outside of the State of New Mexico you can help reduce the cost of such services by seeking care from one of our National Health
Care Provider Network Practitioners/Providers. These cost savings can help minimize future premium increases.

For additional information regarding National Health Care Practitioner/Providers please call our Presbyterian Customer Service Center prior to obtaining services Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call the TTY line at 711.

Cost Sharing – Your Out-of-pocket Costs

Many Health Care Services you receive from In-network and Out-of-network Practitioners and Providers require some payment from you. We refer to these payments as Cost Sharing. These are your Out-of-pocket costs and may be Deductibles, Coinsurance and/or Copayments. Cost-Sharing and benefits for an emergency health care service rendered by a non-participating provider shall be the same as if rendered by a participating provider. Cost-Sharing and benefit limitations for medically necessary, non-emergent health care services rendered by a non-participating provider at a participating facility where the covered person had no ability or opportunity to choose to receive the service from a participating provider or where no participating provider is available to render the service shall be the same as if the service was rendered by a participating provider. Cost-Sharing and benefit limitations for a medically necessary, non-emergent health care service where no participating provider is available to render the service shall be the same as if the service was rendered by a participating provider. It is recommended that you verify with the Presbyterian Customer Service Center that services will be covered prior to receiving non-emergent health care services from a non-participating provider.

Annual Contract Year Deductible

Certain services are subject to an Annual Contract Year Deductible. The Annual Contract Year Deductible is the amount you and your Covered Dependents must pay for Covered Health Care Services each Contract Year before we begin to pay Covered Benefits for that Member. The Annual Contract Year Deductible may not apply to all Health Care Services. Refer to your Summary of Benefits and Coverage for the amount of your Annual Contract Year Deductible.

For Single coverage, the Annual Contract Year Deductible requirement is fulfilled when one Member meets the individual Deductible listed in the Summary of Benefits and Coverage.

For double or family coverage - The annual Contract Year deductible can be satisfied by any combination of the family members. No one member can contribute more than the stated member amount. Once a member meets their individual amount their annual Contract Year deductible is considered met. The annual Contract Year Family and Individual Deductible amounts are listed in the Summary of Benefits and Coverage.
Changes to Deductible

Changes to the Deductible may only be made at renewal.

Coinsurance

Certain services are subject to a Coinsurance amount. Coinsurance is the percentage of Covered charges that you and your Covered Dependents must pay directly to the In-network Practitioner/Provider for Covered Services after the Annual Contract Year Deductible has been met. After you pay your Coinsurance amount, we will pay our percentage of the charges. Coinsurance is included in your Annual Out-of-pocket Maximum. The amount of your Coinsurance for each service can be found in your Summary of Benefits and Coverage.

Annual Out-of-pocket Maximum

This Plan includes an Annual Out-of-pocket Maximum amount to help protect you and your Covered Dependents from high-cost catastrophic health care expenses. The Annual Out-of-pocket Maximum is the most you will pay in Cost Sharing in a Contract Year for certain Covered Services. After you have met your Annual Out-of-pocket Maximum in a Contract Year, we pay 100% of the cost for Covered Services, for the remainder of that Contract Year, up to the maximum benefit amount, if any. Refer to your Summary of Benefits and Coverage for the Plan Annual Out-of-pocket Maximum.

For single coverage, the Out-of-pocket Maximum requirement is fulfilled when one Member meets the Individual Out-of-pocket Maximum listed in the Summary of Benefits and Coverage.

For double or family coverage, with two or more enrolled Members, the entire Family Out-of-pocket Maximum must be met before benefits will be paid at 100%. However, if one (family) Member reaches the Individual Out-of-pocket maximum amount before the Family has met the Family Out-of-pocket maximum benefits will be paid at 100% for that Member who has met the Individual Out-of-pocket maximum. The Family and Individual Out-of-pocket maximums amounts are listed in the Summary of Benefits and Coverage.

The Annual Out-of-pocket Maximum includes Deductible, Coinsurance and Copayments. It does not include non-covered charges including charges incurred after the benefit maximum has been reached. PHP pays 100% of Covered charges after the Out-of-pocket Maximum is met.

To inquire about the status of your specific Annual Out-of-pocket Maximum, you may call our Presbyterian Customer Service Center Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call the TTY line at 711.
Office Visit Copayment

If your Plan has an Office Visit Copayment, this is the amount of Cost Sharing you must pay each time you have an office visit with an In-network Practitioner/Provider. This Copayment is for the office visit only. All other services provided during the visit are subject to other Cost Sharing (Deductible and Coinsurance). Refer to your Summary of Benefits and Coverage for all Cost Sharing Copayment, Deductible and Coinsurance amounts. Cost-Sharing and benefit limitations for a medically necessary, non-emergent health care service where no participating provider is available to render the service shall be the same as if the service was rendered by a participating provider. It is recommended that you verify with the Presbyterian Customer Service Center that services will be covered prior to receiving non-emergent health care services from a non-participating provider.

Utilization Management and Quality

We may review medical records, claims, and requests for Covered Services to establish that the services are/were Medically Necessary, delivered in the appropriate setting, consistent with the condition reported and with generally accepted standards of medical and surgical practice in the area where performed and according to the findings and opinions of our professional medical consultants. Utilization management decisions are based only on appropriateness of care and service. We do not reward Practitioners or other Health Care Professionals conducting Utilization Review for denying coverage or services and we do not offer incentives to encourage underutilization.

Technology Assessment Committee

We have a process to continuously evaluate evolving medical technologies, which include medical procedures, drugs and devices. In-network Practitioners from our Provider Network and the community along with other clinical staff are responsible for this process and are known as the Technology Assessment Committee.

The Technology Assessment Committee evaluates new technologies and/or new applications of existing technologies, determines the value of the new technology, and recommends whether the technology should be a specified Covered Benefit of your Plan. Factors to be considered include safety, comparison to existing drugs, procedures and technology, cost and effectiveness of the new technology, and clinical skills and training of those proposing to provide the new technology.

Transition of Care

If we terminate or suspend any contract with an In-network Practitioner/Provider from which you are currently receiving care, we will make our best effort to notify you, in writing, within 30 days. We will assist you in locating and transferring to another similarly qualified In-network Practitioner/Provider, if available, for continued In-network benefits. You may elect to continue to receive care from this Out-of-network Practitioner/Provider; however, we will only reimburse
for such services in accordance with applicable Out-of-network benefit level, if any, and then subject to Medicare Allowable Charges except when you wish to continue an ongoing course of treatment with the provider for a transitional period. This period shall continue for a time that is sufficient to permit coordinated transition planning consistent with your condition and needs relating to the continuity of the case and will not be less than 30 days. If you are in your third trimester of pregnancy at the time of the provider’s disaffiliation, your transitional period will last through the delivery and will allow for postpartum care. These transitional periods with your provider will not be allowed if the provider’s disaffiliation was for reasons related to medical competence or professional behavior. For transitional periods exceeding thirty days, continued care will be provided only if the provider agrees to accept reimbursement from Presbyterian at the rates applicable prior to the start of the transitional period as payment in full. Additionally, the provider must also agree to adhere to Presbyterian’s quality assurance requirements, to provide necessary medical information related to such care, and to follow Presbyterian’s policies and procedures, including but not limited to procedures regarding referrals, pre-authorization and treatment planning approved by Presbyterian.

**Advance Directives**

An advance directive is a legal document about your healthcare decisions. It is only used when you are unable to make your wishes known and includes information about the person you want to make health decisions on your behalf as well as medical services you do and do not want. These are documents you complete in advance and can share with your provider or person who will speak on your behalf. Sharing your advance directives with your healthcare team helps make your wishes clear.
Prior Authorization

This Section explains what Covered Health Care Services require Prior Authorization before you receive these services and how to obtain Prior Authorization. This is not an exhaustive list. Further information can be obtained through your PCP or at our website at www.phs.org. If you have questions about a prior authorization submitted by your PCP/Provider please contact us Monday through Friday from 8 a.m. to 5 p.m. at [(505) 923-8469, or 1-866-597-7835]. Hearing impaired users may call the TTY line at 711.

Before you are admitted as an Inpatient to a Hospital, Skilled Nursing Facility or other facility or before you receive certain Covered Health Care Services and supplies, you must request and obtain approval, known as Authorization. All diabetes related services are provided in accordance with State law. For diabetes related services, please refer to the Diabetes Services Section.

What is Prior Authorization?

Prior Authorization is a clinical evaluation process to determine if the requested Health Care Service is Medically Necessary, a Covered Benefit, and if it is being delivered in the most appropriate health care setting. Our Medical Director or other clinical professional will review the requested Health Care Service and, if it meets our requirements for Coverage and Medical Necessity, it is Authorized (approved) before those services are provided.

The Prior Authorization process and requirements are regularly reviewed and updated based on various factors including evidence-based practice guidelines, medical trends, Practitioner/Provider participation, state and federal regulations, and our policies and procedures.

A Prior Authorization will specify the length of time for which the Authorization is valid, which in no event shall be for more than 24 months. You may revoke an Authorization at any time.

A consumer or customer who is the subject of nonpublic personal information may revoke an authorization provided pursuant to this rule at any time, subject to the rights of an individual who acted in reliance on the authorization prior to notice of the revocation.

Prior Authorization Is Required

Certain services and supplies are Covered Benefits only if we Authorize them prior to the actual service or delivery of supplies. This does not apply to Benefits mandated by law. Authorization means our decision that a Health Care Service requested by your Practitioner/Provider or by you has been reviewed and, based upon information available, meets our requirements for Coverage and Medical Necessity, and the requested Health Care Service is therefore approved.

If a required Prior Authorization is not obtained for services by Out-of-Network Practitioners/Providers, except for Emergency Care, the Member may be responsible for the
resulting charges. Services provided beyond the scope of the Prior Authorization may not be Covered.

**Prior Authorization when In-network**

When you seek specific Covered Services from In-network Practitioners/Providers, our In-network Practitioner/Provider is responsible for obtaining Prior Authorization from us before providing the Covered Services, except for Emergency Care. You will not be liable for charges resulting from the In-network Practitioner’s/Provider’s failure to obtain the required Prior Authorization.

**Prior Authorization when Out-of-network**

Covered services obtained from an Out-of-network Practitioner/Provider or outside New Mexico will not be Covered unless such services are not reasonably available from an In-network Practitioner/Provider or in cases of an emergency.

If required medical services are not available from In-network Practitioners/Providers, the Primary Care Physician must request Prior Authorization and obtain written Authorization from our Medical Director before you may receive Out-of-network services. Services of an Out-of-network Practitioner/Provider may not be Covered unless this Authorization is obtained prior to receiving the services. You may be responsible for charges resulting from failure to obtain Prior Authorization for services provided by the Out-of-network Practitioner/Provider.

In determining whether a referral to an Out-of-network Practitioner/Provider is necessary, we, in consultation with your referring In-network Physician and/or PCP will consider the following circumstances:

- **Availability** – The In-network Practitioner/Provider is not reasonably available to see you in a timely fashion as dictated by the clinical situation.
- **Competency** – The In-network Practitioner/Provider does not have the necessary training or expertise required to render the service or treatment.
- **Geography** – The In-network Practitioner/Provider is not located within a reasonable distance from the patient’s residence. A “reasonable distance” is defined as travel that would not place you at any medical risk.
- **Continuity** – If the requested Out-of-network Practitioner/Provider has a well-established professional relationship with you and is providing ongoing treatment of a specific medical problem, you will be allowed to continue seeing that specialist for a minimum of thirty (30) days as needed to ensure continuity of care.
- **Any Prior Authorization requested simply for your convenience will not be considered to be reasonable.**
Services That Require Prior Authorization In or Out-of-Network

Prior Authorization is required for Inpatient admissions, and all services related to the inpatient admission before you receive these services In-network or Out-of-network from any Practitioner/Provider, Health Care Facility or other Health Care Professional. Our network of Practitioners/Providers will obtain Prior Authorization for you when you receive care In-network. You are responsible for obtaining Prior Authorization before you receive care Out-of-network, except for Emergency Care. Presbyterian will provide material that contains in a clear, conspicuous and readily understandable form, a full and fair disclosure of the plan’s benefits, limitations, exclusions, conditions of eligibility and prior authorization requirements, within a reasonable time after enrollment and at subsequent periodic times as appropriate.

If you want to know more about Prior Authorization please call our Presbyterian Customer Service Center, as soon as possible before services are provided, Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980, or 1-800-923-6980. Hearing impaired users may call our TTY 711.

The following services and supplies require Prior Authorization In-network and Out-of-network. Refer to the Benefits Section for detailed information about these services.

Please Note: Due to the ever-changing nature of health care services, updates are made to the list from time-to-time throughout the year. For access to the most current list, you may contact our Customer Service Center Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call the TTY line at 711. You may also visit our website at www.phs.org.

Authorizing Inpatient Hospital Admission following an Emergency

You do not need to get Prior Authorization when you receive Emergency Health Care Services. If you are admitted as an Inpatient to the Hospital following your Emergency Health Care Services your Practitioner/Provider or you should contact us as soon as possible.

Prior Authorization and Your Coverage

- Eligibility and benefits are based on the date you received the services, not the date you received Prior Authorization.
- If you lose Coverage under this plan, services received after Coverage ends will not be Covered, even if we provided Prior Authorization.

Prior Authorization Decisions – Non-Emergency

We will evaluate non-emergent Prior Authorization requests and advise you and your Practitioner/Provider of our decision within five (5) working days.

Prior Authorization Decision – Expedited (Accelerated)

If your medical condition requires that we make a Prior Authorization decision quickly, we will notify you and your Practitioner/Provider of an expedited decision, within 24 hours of our receipt of the written or verbal request for an expedited decision.

Prior Authorization Review – Initial Adverse Determination

If we do not approve the Prior Authorization request (Adverse Determination) we will notify you and your Practitioner/Provider by telephone (or as required by your medical situation) within 24 hours of making our decision.

We will also notify you and your Practitioner/Provider of the Adverse Determination by written or electronic communication sent within one (1) working day of a telephone notice. Our notice will include:

- Reasons for a Medical Necessity denial including why the requested health care service is not Medically Necessary.
- The reason for a denial based on lack of coverage and a reference to all health care plan provisions on which the denial is based and a clear and complete explanation of why the Health Care Service is not Covered.
- An explanation of how you may request our internal review of our Adverse Determination including any forms that must be used and completed.
Please see the **Complaints, Grievances and Appeals Section** for information regarding how to request an internal review of any Adverse Determinations that we make.
Benefits

This Health Care Benefit Plan offers Coverage for a wide range of Health Care Services. This Section gives you the details about your benefits, and other requirements, Limitations and Exclusions.

Specifically Covered

This Health Care Benefit Plan helps pay for health care expenses that are Medically Necessary and Specifically Covered in this Agreement. Specifically Covered means only those Health Care Benefits that are expressly listed and described in the Benefits Section of the Agreement. In addition, you should refer to the Exclusions Section that lists services that are not Covered under your Health Care Benefit Plan. All other benefits and services not specifically listed as Covered in the Benefits Section shall be excluded, except for Clinical Preventive Health Services and except as required by state or federal law.

We determine whether a Health Care Service or supply is a specifically Covered Benefit. The fact that a Practitioner/Provider has prescribed, ordered, recommended, or approved a Health Care Service or supply does not guarantee that it is a Covered Benefit even if it is not listed as an Exclusion.

Specifically Covered Benefits are subject to the Limitations, Exclusions, Prior Authorization and other provisions of this Agreement.

Medical Necessity

This Health Care Benefit Plan helps pay for health care expenses that are Medically Necessary and specifically Covered in this Agreement. Clinical Preventive Health Services do not have to be “Medically Necessary”.

Medical Necessity or Medically Necessary means Health Care Services determined by a Practitioner/Provider, in consultation with Presbyterian Health Plan (PHP), to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines we developed consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral or mental health condition, illness, injury, or disease.

Experimental or Investigational drugs, medicines, treatments, procedures, or devices are not Covered. This does not include Clinical Trials. Please refer to Clinical Trials in the Benefit Section of this Agreement.
Care Coordination and Case Management

Case Coordination and Case Management are provided by our Care Coordination which is staffed with registered nurses, social workers, health educators, behavioral health specialists and non-licensed care coordinators that coordinate Covered and non-Covered Health Care Services for you when you have ongoing or complex diagnoses.

The role of the care coordinator/case manager is to support and educate you and other Members, so that you are able to make informed health care decisions. Our ongoing communication and visits to you and to other Members who may have a chronic illness can trigger prompt intervention and help in the prevention of avoidable episodes of illness. We are committed to the personal service that care management provides to you when you are in need.

When you are in the Hospital, our coordinators/case managers work with the Hospital, their discharge planners and your Practitioners to make sure you get the appropriate level of care and to coordinate your care after you leave the Hospital.

Disease management lifestyle coaches work with you to help you better manage your chronic disease, such as diabetes, coronary artery disease or congestive heart failure. Care is focused on helping you identify goals and desires for improving management of your chronic disease.

PresRN

Presbyterian Health Plan members have access to PresRN, a nurse advice line available 24 hours a day, 7 days a week, including holidays. PresRN is a no-cost service for Presbyterian Health Plan Members. Please call at (505) 923-5570 or 1-866-221-9679.

Health Management Programs

Members have access to resources that support personal health management including online tools, print materials and programs or services to help enhance quality of life in three areas: staying healthy, preventing illness and living with a chronic condition. We help you reach optimum health through educational tools (such as those available on the myPRES Member Portal). Preventive Health Guidelines (such as Mammography and childhood immunizations) as well as with disease management for conditions such as asthma, depression and diabetes.

If you would like more information about these services visit https://www.phs.org/tools-resources/member/Pages/default.aspx. Members can also call our Presbyterian Customer Service Center at (505) 923-6980 or 1-800-923-6980, Monday through Friday from 7 a.m. to 6 p.m. Hearing impaired users may call our TTY 711.
Covered Benefits

Accidental Injury (Trauma), Urgent Care, Emergency Health Care Services, and Observation Services

This benefit has one or more exclusions as specified in the Exclusions Section.

Urgent Care

Urgent Care is Medically Necessary medical or surgical procedures, treatments, or Health Care Services you receive in an Urgent Care Center or in a Practitioner’s/Provider’s office for an unforeseen condition due to illness or injury. Urgent conditions are not life-threatening, but require prompt medical attention to prevent a serious deterioration in your health.

- Members are encouraged to contact their Primary Care Physicians for an appointment, if available, before seeking care from another Practitioner/Provider.
- We must Prior-Authorize follow-up care by an Out-of-network Practitioner/Provider. The Member will be responsible for charges that we do not Cover.

If you believe the condition to be treated is life threatening, you should seek Emergency Health Care Services as outlined below.

Emergency Health Care Services

This Agreement covers acute Emergency Health Care Services 24 hours per day, 7 days per week, when those services are needed immediately to prevent jeopardy to your health. You should seek medical treatment from an In-network Practitioner/Provider or facility whenever possible.

If you cannot reasonably access an In-network Facility, we will arrange to Cover the care at an Out-of-Network facility at the In-network benefit level. Whether Out-of-network Emergency Health Care Service is appropriate will be determined by the Reasonable/Prudent Layperson standard discussed below.

We will provide reimbursement when you receive health care procedures, treatments or services delivered after the sudden onset of what reasonably appears to be a medical condition that manifests itself by symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected by a reasonable layperson to result in:

- Jeopardy to the person’s health
- Serious impairment of bodily functions
• Serious dysfunction of any bodily organ or part
• Disfigurement to the person

Prior Authorization is not required for Emergency Health Care Services. If you are admitted as an Inpatient to the Hospital, you or your Practitioner needs to notify us as soon as possible so we can review your Hospital stay.

We will not deny a claim for Emergency Health services when the Member was referred to the emergency room by his or her PCP or by our representative.

If your Emergency Health services results in a hospitalization directly from the emergency room, you are responsible for paying the Inpatient Hospital Cost Sharing amounts (Deductible, Coinsurance and/or Copayment) rather than the emergency room visit Copayment. Refer to your Summary of Benefits and Coverage for the Cost Sharing amount.

For Emergency Health Care Services received Out-of-network and/or outside of New Mexico (our Service Area), you may seek Emergency Health Care Services from the nearest appropriate facility where Emergency Health Care Services can be rendered. Non-emergent follow-up care received outside of New Mexico is not Covered unless transfer to an In-network Practitioner/Provider would be medically inappropriate and a risk to your health. In such circumstances, we must Authorize the Health Care Services. Non-emergent follow-up care outside of New Mexico is not Covered for your convenience or preference. You are responsible for any such charges that we do not Authorize.

Follow-up care from an Out-of-network Practitioner/Provider requires our Prior Authorization.

Observation Services

Observation services are defined as Outpatient services furnished by a Hospital and Practitioner/Provider on the Hospital’s premises. These services may include the use of a bed and periodic monitoring by a Hospital’s nursing staff which are reasonable and necessary to:

• Evaluate an outpatient’s condition
• Determine the need for a possible admission to the Hospital
• When rapid improvement of the patient’s condition is anticipated or occurs

When a Hospital places a patient under Outpatient Observation, it is based upon the Practitioner’s/Provider’s written order. To transition from Observation to an Inpatient admission, our level of care criteria must be met. The length of time spent in the Hospital is not the sole factor determining Observation versus Inpatient stays. Medical criteria will also be considered. Observation Services for greater than 24 hours will require Prior Authorization. It is the responsibility of the facility to notify us.
All Accidental Injury (trauma), Urgent Care, Emergency Health Care Services, and Observation Services whether provided within or outside of our Service Area are subject to the Limitations listed in the Limitations Section and the Exclusions listed in the Exclusions Section.

Ambulance Services

This benefit has one or more exclusions as specified in the Exclusions Section.

The following types of Ambulance Services are Covered:

- Emergency Ambulance Services
- High-Risk Ambulance Services
- Inter-facility Transfer services

Emergency Ambulance Services are defined as ground or air Ambulance Services delivered to a Member who requires Emergency Health Care Services under circumstances that would lead a Reasonable/Prudent Layperson acting in good faith to believe that transportation in any other vehicle would endanger your health. Emergency Ambulance Services are Covered only under the following circumstances:

- Within New Mexico, to the nearest In-network facility where Emergency Health Care Services and treatment can be rendered, or to an Out-of-network facility if an In-network facility is not reasonably accessible. Such services must be provided by a licensed Ambulance Service, in a vehicle that is equipped and staffed with life-sustaining equipment and personnel.
- Outside of New Mexico, to the nearest appropriate facility where Emergency Health Care Services and treatment can be rendered. Such services must be provided by a licensed Ambulance Service, in a vehicle that is equipped and staffed with life-sustaining equipment and personnel.
- We will not pay more for air Ambulance Services than we would have paid for ground Ambulance Services over the same distance unless your condition renders the utilization of such ground transportation services medically inappropriate.
- In determining whether you acted in good faith as a Reasonable/Prudent Layperson when obtaining Emergency Ambulance Services, we will take the following factors into consideration:
  - Whether you required Emergency Health Care Services, as defined above
  - The presenting symptoms
  - Whether a Reasonable/Prudent Layperson who possesses average knowledge of health and medicine would have believed that transportation in any other vehicle would have endangered your health
Whether you were advised to seek an Ambulance Service by your Practitioner/Provider or by our staff. Any such advice will result in reimbursement for all Medically Necessary services rendered, unless otherwise limited or excluded under this Agreement.

Ground or air Ambulance Services to any Level I or II or other appropriately designated trauma/burn center according to established emergency medical services triage and treatment protocols.

Ambulance Service (ground or air) to the coroner’s office or to a mortuary is not Covered, unless the Ambulance had been dispatched prior to the pronouncement of death by an individual authorized under state law to make such pronouncements.

**High-Risk Ambulance Services** are defined as Ambulance Services that are:

- Non-emergency
- Medically Necessary for transporting a high-risk patient
- Prescribed by your Practitioner/Provider

Coverage for High-Risk Ambulance Services is limited to:

- Air Ambulance Service when Medically Necessary. However, we will not pay more for air Ambulance Service than we would have paid for transportation over the same distance by ground Ambulance Services, unless your condition renders the utilization of such ground Ambulance Services medically inappropriate.
- Neonatal Ambulance Services, including ground or air Ambulance Service to the nearest Tertiary Care Facility when necessary to protect the life of a newborn.
- Ground or air Ambulance Services to any Level I or II or other appropriately designated trauma/burn center according to established emergency medical services triage and treatment protocols.

**Inter-facility Transfer Ambulance Services** are defined as ground or air Ambulance Service between Hospitals, Skilled Nursing Facilities or diagnostic facilities. Inter-facility transfer services are Covered only if they are:

- Medically Necessary
- Prescribed by your Practitioner/Provider
- Provided by a licensed Ambulance Service in a vehicle which is equipped and staffed with life-sustaining equipment and personnel

**Bariatric Surgery**

This benefit has one or more exclusions as specified in the Exclusions Section.
Surgical treatment of morbid obesity (bariatric surgery) is Covered only if it is Medically Necessary as defined in this Agreement.

Bariatric surgery is Covered for patients with a Body Mass Index (BMI) of 35 kg/m² or greater who are at high risk for increased morbidity due to specific obesity related co-morbid medical conditions; and Prior Authorization is required and services must be performed at an In-network facility that is designated by Presbyterian Health Plan, and designated as a bariatric surgery Center of Excellence by Centers for Medicare and Medicaid Services (CMS).

Clinical Trials

This benefit has one or more exclusions as specified in the Exclusions Section.

If you are a qualified individual participating in an approved Clinical Trial, you may receive coverage for certain routine patient care costs incurred in the trial.

A qualified individual is someone who is eligible to participate in an approved Clinical Trial according to the trial protocol with respect the treatment of cancer or another life-threatening disease or condition; and either (1) the referring health care professional is a participating provider and has concluded that participation in the clinical trial would be appropriate; or (2) the participant or beneficiary provides medical and scientific information establishing that the individual's participation would be appropriate.

An approved Clinical Trial is a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or another life-threatening disease or condition and is:

1. Conducted under an investigational new drug application reviewed by the Food and Drug Administration;
2. A drug trial that is exempt from having such an investigational new drug application; OR
3. Is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
   a. The National Institutes of Health;
   b. The Centers for Disease Control and Prevention;
   c. The Agency for Health Care Research and Quality;
   d. The Centers for Medicare & Medicaid Services;
   e. A cooperative group or center of any of the entities described in clauses (a) through (d) or the Department of Defense or the Department of Veterans Affairs;
f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants; OR
g. The Department of Veterans Affairs, the Department of Defense, or the Department of Energy, if the Secretary of Health and Human Services determines that the study has been reviewed and approved through a system of peer review that (i) is comparable to the system of peer review of studies and investigations used by the National Institutes of Health and (ii) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

**Routine patient care** costs that are covered are items or services that would be covered for a member or beneficiary who is not enrolled in a clinical trial. All applicable plan limitations for coverage of out-of-network care will still apply to routine patient costs in clinical trials.

Routine patient care costs do not include:

- The actual clinical trial or the investigational service itself;
- Cost of data collection and record keeping that would not be required but for the clinical trial; Items and services provided by the clinical trial sponsor without charge;
- Travel, lodging, and per diem expenses;
- A service that is clearly inconsistent with widely accepted and established standards for a particular diagnosis; and
- Any other services provided to clinical trial participants that are necessary only to satisfy the data collections needs of the clinical trial.

If the benefits for services provided in the trial are denied, you may contact the Superintendent of Insurance for an expedited appeal.

**Certified Hospice Care**

This benefit has one or more exclusions as specified in the Exclusions Section.

Benefits for Inpatient and in-home Hospice services are Covered if you are terminally ill. Services must be provided by an approved Hospice program during a Hospice benefit period and will not be Covered to the extent that they duplicate other Covered Services available to you. Benefits that are provided for by a Hospice or other facility require approval by your Practitioner/Provider and our **Prior Authorization**.
The Hospice benefit period is defined as follows:

- Beginning on the date your Practitioner/Provider certifies that you are terminally ill with a life expectancy of six months or less.
- Ending six months after it began, unless you require an extension of the Hospice benefit period below, or upon your death.
- If you require an extension of the Hospice benefit period, the Hospice must provide a new treatment plan and your Practitioner/Provider must re-authorize your medical condition to us. We will not Authorize more than one additional Hospice benefit period.
- You must be a Covered Member throughout your Hospice benefit period.

The following services are Covered:

- Inpatient Hospice care
- Practitioner/Provider visits by Certified Hospice Practitioner/Providers
- Home Health Care Services by approved home health care personnel
- Physical therapy
- Medical supplies
- Prescription Drugs and Medication for the pain and discomfort specifically related to the terminal illness
- Medical transportation
- Respite care (care that provides a relief for the care-giver) for a period not to exceed five continuous days for every 60 days of Hospice care. No more than two respite care stays will be available during a Hospice benefit period.

Where there is not a certified Hospice program available, regular Home Health Care Services benefits will apply. Refer to the **Home Health Care Services/Home Intravenous Services and Supplies** Section of this Agreement.

### Clinical Preventive Health Services

This benefit has one or more exclusions as specified in the Exclusions Section.

We will provide Coverage for Clinical Preventive Health Services without any Cost Sharing at an age and frequency as determined by your In-network Practitioner/Provider.
We will provide Coverage for preventive benefits, as defined by the Affordable Care Act (ACA), without cost sharing regardless of sex assigned at birth, gender identity, or gender of the individual.

Clinical Preventive Health Services Coverage is provided for services under four broad categories:

- Screening and Counseling Services
- Routine Immunizations
- Adult Preventive Services
- Childhood Preventive Services
- Preventive Services for Women

**Screening and Counseling Services**

Screenings and counseling services will provide coverage for evidence-based services that have a rating of A or B in the current recommendations of the U.S. Preventive Services Task Force for individuals in certain age groups or based on risk factors. Key screenings include:

- Preventive Physical Examinations
- Health appraisal exams, laboratory and radiological tests, and early detection procedures for the purpose of a routine physical exam
- Periodic tests to determine metabolic, blood hemoglobin, blood pressure, blood glucose level, and blood cholesterol level, or alternatively, a fractionated cholesterol level including a Low-Density Lipoprotein (LDL) level and a High-Density Lipoprotein (HDL) level
- Periodic stool examination for the presence of blood for all persons 40 years of age or older
- Colorectal cancer screening in accordance with the evidence-based recommendations established by the United States Preventive Services Task Force for determining the presence of pre-cancerous or cancerous conditions and other health problems including:

Hospital Services – Inpatient

This benefit has one or more exclusions as specified in the Exclusions Section.

Inpatient means you have been admitted by a health care Practitioner/Provider to a Hospital for the purposes of receiving Hospital services. Eligible Inpatient Hospital services are acute care services provided when you are a registered bed patient and there is a room and board charge. Admissions are considered Inpatient based on Medical Necessity, regardless of the length of time spent in the Hospital.

Hospital admissions (Inpatient, non-emergent) require Prior Authorization.

Inpatient services provided by Out-of-network Practitioners/Providers or facilities are not Covered except as provided in How This Plan Works, Accidental Injury / Urgent Care / Emergency Health Services / Observation / Trauma Services, and Eligibility, Enrollment and Termination and Continuation Sections of this Agreement.

Inpatient Hospital benefits also includes Acute medical detoxification.

Hyperbaric Oxygen Therapy

Hyperbaric Oxygen Therapy is a covered benefit only if the therapy is proposed for a condition recognized as one of the accepted indications as defined by the Hyperbaric Oxygen Therapy Committee of The Undersea and Hyperbaric Medical Society (UHMS). Hyperbaric Oxygen
Therapy is **Excluded** for any other condition. Hyperbaric Oxygen Therapy requires **Prior Authorization** and services must be provided by your In-network Practitioner/Provider in order to be Covered.

**Infertility**

Diagnosis and medically indicated treatments for physical conditions causing infertility.

**Member Assistance Program**

As a Presbyterian Health Plan Member, you and your enrolled dependents have access to a Member Assistance Program (MAP). MAP services include up to three members assistance visits per issue. They are provided by local licensed professionals at The Solutions Group, a division of Presbyterian Healthcare Services. These services, Substance Use Disorder assessments/referrals and other services. Please contact The Solutions Group at 1-866-254-3555 or (505) 254-3555 if you have any questions regarding IAP covered services and benefits.

**Mental Health Services and Alcohol and Substance Use Disorder Services**

This benefit has one or more exclusions as specified in the Exclusions Section.

**Mental Health Services**

Some mental health services require Prior Authorization. The In-network Behavioral Health Practitioners/Providers will be responsible for obtaining Prior Authorization, when required. For Out-of-network Services, Members need to contact our Behavioral Health Department to obtain Prior Authorization, when required. Please refer to the **Prior Authorization** Section for services that require Prior Authorization. Behavioral Health Department directly at (505) 923-5470 or 1-800-453-4347.

Positron Emission Tomography (PET) is a noninvasive diagnostic imaging procedure that quantifies biochemical processes in living tissue. Positron Emission Tomography (PET) scans in an outpatient setting require **Prior Authorization**.

Practitioner/Provider Services

This benefit has one or more exclusions as specified in the Exclusions Section.

Practitioner/Provider services are those services that are reasonably required to maintain good health. Practitioner/Provider services include, but are not limited to, periodic examinations and office visits by:

- A licensed Practitioner/Provider
- Specialist services provided by other Health Care Professionals who are licensed to practice, are certified, and practicing as authorized by applicable law or authority
- A medical group
- An independent practice association
- Other authority authorized by applicable state law

Some Practitioner/Provider services require **Prior Authorization**. Refer to the **Prior Authorization Section** for Prior Authorization requirements. This Benefit includes, but not limited to, consultation and Health Care Services and supplies provided by your Practitioner/Provider as shown below:

- Office visits provided by a qualified Practitioner/Provider.
- Video Visits provided online between a designated Practitioner/Provider and patient about non-urgent healthcare matters.
- Outpatient surgery and Inpatient surgery including necessary anesthesia services. Anesthesia may include hypnotherapy.
• Hospital and Skilled Nursing Facility visits as part of continued supervision of Covered care
• Allergy Services, including testing and serum
• Sterilization procedures
• Student Health Centers: Dependent Students attending school either in New Mexico or outside New Mexico may receive care through their Primary Care Physician or at the Student Health Center. A Prior Authorization is not needed prior to receiving care from the Student Health Center. Services provided outside of the Student Health Center are limited to Medically Necessary Covered services for the initial care or treatment of an Emergency Health Care Service or Urgent Care situation.
• Second medical opinions. Cost Sharing will apply when you or your Practitioner/Provider requests the second medical opinion. Cost Sharing will not apply if we require a second medical opinion to evaluate the medical appropriateness of a diagnosis or service.

Prescription Drugs/Medications

This benefit has one or more exclusions as specified in the Exclusions Section.

Covered Prescription Drugs/Medications

Prescription Drug/Medications Benefit (Outpatient)

Outpatient Prescription Drugs are a Covered Benefit when prescribed by your Provider. Refer to your Formulary for information on the approved Prescription Drugs. For a complete list of these drugs, please see the Health Insurance Exchange Metal Level Plan Formulary list at http://docs.phs.org/idc/groups/public/documents/communication/pel_00236101.pdf

We will provide coverage for preventive medications and products as defined by the Affordable Care Act (ACA) if you receive these services from our In-network Practitioners/Providers, without Cost Sharing regardless of sex assigned at birth, gender identity, or gender of the individual.

Preventive medications are used for the management and prevention of complications from conditions such as high blood pressure, high cholesterol, diabetes, asthma, osteoporosis, heart attack and stroke.

For preventive medications (including over-the-counter medications) or products to be covered, you’ll need to get a prescription from your Provider. Visit the Formulary listing at http://docs.phs.org/idc/groups/public/documents/communication/pel_00236101.pdf. Preventive medications will be listed as $0 Copay per PPACA.
For a complete list of these preferred products, please see the Presbyterian Pharmacy website at

You can call our Presbyterian Customer Service Center Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call our TTY 711.

The following drugs are covered when prescribed by your provider and when purchased at an In-network Pharmacy. Refer to your Formulary for information on the approved Prescription Drugs/Medications.

- Medically Necessary prescription nutritional supplements for prenatal care for up to a 90 day supply up to the maximum dosing recommended by the manufacturer.
- Preferred insulin and diabetic oral agents for controlling blood sugar levels for up to a 90 day supply up to the maximum dosing recommended by the manufacturer.
- Immunosuppressant drugs following transplant surgery for up to a 90 day supply up to the maximum dosing recommended by the manufacturer.
- Special Medical Foods used in treatment to compensate and maintain adequate nutritional status for genetic Inborn Errors of Metabolism (IEM). These Special Medical Foods require Prior Authorization.
- Smoking Cessation Pharmacotherapy. Formulary drugs for up to a 90 day supply up to the maximum dosing recommended by the manufacturer. Smoking cessation is limited to two 90-day courses of treatment per contract year.

What is a Formulary?

A drug Formulary, or preferred drug list, is a continually updated list of medication and related products supported by current evidence-based medicine, judgment of physicians, pharmacists and other experts in the diagnosis and treatment of disease and preservation of health.

The primary purpose of the Formulary is to encourage the use of safe, effective and most affordable medications. Presbyterian Health Plan administers a closed Formulary, which means that non-formulary drugs are not routinely reimbursed by the plan. Medical exception policies provide access to non-formulary medications when Medical Necessity is established.

The medications listed on the Formulary are subject to change pursuant to the management activities of Presbyterian Health Plan. For the most up-to-date Formulary drug information visit http://docs.phs.org/idc/groups/public/documents/communication/pel_00236101.pdf. Presbyterian will provide material that contains in a clear, conspicuous and readily understandable form, a full and fair disclosure of the plan’s benefits, limitations, exclusions, conditions of eligibility and prior authorization requirements, within a reasonable time after enrollment and at subsequent periodic times as appropriate.
**Can the Formulary change during the year?**

The formulary can change throughout the year. Some reasons why it can change include:

- New drugs are approved.
- Existing drugs are removed from the market
- Prescription drugs may become available over-the-counter (without a prescription)
- Brand-name drugs lose patent protection and generic versions become available
- Changes based on new clinical guidelines.

If we remove drugs from our Formulary, add quantity limits, prior authorization, and/or step therapy restrictions on a drug, or move a drug to a higher Cost Sharing tier, we must notify affected members of the change at least 60 days before the change become effective.

**How is the Formulary Drug List Developed?**

The medications and related products listed on a Formulary are determined by a Pharmacy and Therapeutics (P & T) Committee or an equivalent entity. The Presbyterian Health Plan P & T Committee is made up of primary care and specialty physicians, clinical pharmacist and other professionals in the healthcare field.

The P & T Committee reviews and updates the Formulary list each quarter (four times per year). Medications chosen for the Formulary are selected based on their safety, effectiveness and overall value. A medication may not be added to the Formulary if current drugs on the Formulary are equally safe and effective and are less costly. Utilization management strategies such as quantity limits, step therapy and prior authorization criteria are reviewed and approved by the P & T Committee.

Medication coverage criteria is updated and reviewed to reflect current standards of practice. The overall goal of the P & T Committee is to provide a Formulary that gives Members access to safe, appropriate, and cost-effective medications that will produce the desired goals of therapy at the most reasonable cost to the Member and the healthcare system.

**What is Prior Authorization?**

Prior Authorization is a clinical evaluation process to determine if the requested Health Care Service is Medically Necessary, a Covered Benefit, and if it is being delivered in the most appropriate healthcare setting. Our Medical Director or other clinical professional will review the requested Health Care Service and, if it meets our requirements for Coverage and Medical Necessity, it is Authorized (approved) before those services are provided.

The Prior Authorization process and requirements are regularly reviewed and updated based on various factors including evidence-based practice guidelines, medical trends, Practitioner/Provider participation, state and federal regulations, and our policies and procedures.
• Continuation of therapy using any drug is dependent upon its demonstrable efficacy.
• Note that the prior use of free prescription medications (i.e. Samples, free goods, etc.) will not be considered in the evaluation of a member’s eligibility for medication coverage.

What is Step Therapy?

Step Therapy promotes the appropriate use of equally effective but lower-cost Formulary drugs first. With this program, prior use of one or more “prerequisite” drugs is required before a step-therapy medication will be covered. Prerequisite drugs are FDA-approved and treat the same condition as the corresponding step-therapy drugs.

What are Quantity Limits?

Formulary drugs may also limit coverage of quantities for certain drugs. These limits help your Provider and pharmacist check that the medications are used appropriately and promote patient safety. Presbyterian uses medical guidelines and FDA-approved recommendations from drug makers to set these coverage limits. Quantity limits include the following:

• Maximum Daily Dose limits quantities to a maximum number of dosage units (i.e. tablets, capsules, milliliters, milligrams, doses, etc.) in a single day. Limits are based on daily dosages shown to be safe and effective, and that are approved by the Food and Drug Administration (FDA).
• Quantity Limits over time limits quantities to number of units (i.e. tablets, capsules, milliliters, milligrams, doses, etc.) in a defined period of time.

Drug Utilization Review and Drug use evaluation programs

DUR is a review of patient data which is done to evaluate the effectiveness, safety and appropriateness of medication use. These Drug Utilization Reviews occur during claim adjudication and determines whether it is likely to cause harm based on interactions with other drugs or based on the member’s age, gender, allergies or other drugs on the member’s pharmacy profile. The DUR reviews often alert clinicians about prescribing and drug regimen problems and about patients who may be inappropriately taking medications that can produce an undesirable reaction or create other medical complications.

Generic Drugs

The Health Insurance Exchange Metal Level Formulary covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient and may be substituted for the brand-name drug. Generally, generic drugs costs less than brand-name drugs.
Brand-Name Drugs When a Generic Equivalent is Available

A generic equivalent will be dispensed if available. If your prescriber requests to dispense a brand-name drug when a generic equivalent is available, the request will require a Medical Exception.

If Medical Necessity is established the non-preferred drug copayment plus the difference between the brand-name and the generic drug will apply. Otherwise, brand-name drugs dispensed when a generic equivalent is available are not covered and will not count towards the deductible or annual out-of-pocket maximums.

Benefit limitations

This benefit has one or more exclusions as specified in the Exclusions Section

You have the option to purchase up to a 90-day supply of Prescription Drugs/Medications. Under the up to a 90-day Retail Pharmacy benefit, Preferred Generic, Non-Preferred Generic, Preferred Brand and Non-Preferred Drugs can be obtained from an In-network Pharmacy. If you choose the 90-days at retail option, you will be charged one copayment per 30-day supply up to a maximum of a 90-day supply.

You will be charged three applicable Copayments for up to a 90-day supply up to the maximum dosing recommended by the manufacturer.

Some medications may qualify for third-party copayment assistance programs which could lower your out-of-pocket costs for those products. For any such medication where third-party copayment assistance is used (Discount Cards or Prescription Drug Savings Cards), the Member shall not receive credit toward their maximum out-of-pocket or deductible for any copayment or coinsurance amounts that are applied to a manufacturer coupon or rebate.

Self-Administered Specialty Pharmaceuticals

Self-Administered Specialty Pharmaceuticals are self-administered, meaning they are administered by the patient, a family member or caregiver. Specialty Pharmaceuticals are often used to treat complex chronic, rare diseases and/or life-threatening conditions. Most Specialty Pharmaceuticals require Prior Authorization and must be obtained through the specialty pharmacy network. Specialty Pharmaceuticals are often high cost, typically greater than $600 for up to a 30-day supply.

Specialty Pharmaceuticals are not available through the retail or mail order option and are limited to a 30-day supply. Certain Specialty Pharmaceuticals are limited to an initial fill up to a 14-day supply to ensure patients can tolerate the new medication.
Office Administered Specialty Pharmaceuticals (Medical Drug)

A Medical Drug is any drug administered by a Health Care Professional and is typically given in the Member’s home, physician’s office, freestanding (ambulatory) infusion suite, or outpatient facility. Medical Drugs may require a Prior Authorization and some must be obtained through the specialty network.

These drugs may be subject to a separate Copayment/Coinsurance to a maximum as outlined in your Summary of Benefits and Coverage.

For a complete list of Medical Drugs to determine which require Prior Authorization please see the Presbyterian Pharmacy website at http://docs.phs.org/idc/groups/public/%40phs/%40php/documents/phscontent/pel_00052739.pdf.

Mail Order Pharmacy

You have a choice of obtaining certain Prescription Drugs/Medications directly from a Pharmacy or by ordering them through the mail under the mail order pharmacy benefit. Preferred and non-Preferred medications can be obtained through the Mail Order Service Pharmacy. You may purchase up to a 90-day supply up to the maximum dosing recommended by the manufacturer. You may obtain more information on the Mail Service Pharmacy by calling our Presbyterian Customer Service Center, Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call our TTY 711.

- Cost Sharing Copayments at the applicable Tier Copayment.
- Certain drugs may not be purchased by mail order, such as Self-Administered Specialty Pharmaceuticals.

Member Reimbursement

If a medical Emergency occurs outside of our Service Area and you use an In-network Pharmacy, you will be responsible for payment of the appropriate Copayment. We have a large, comprehensive pharmacy network, however, if you go to an Out-of-network Pharmacy, and they are unable to process the claim at point of service you may pay for the prescription and may request Presbyterian Health Plan to reimburse you. A Pharmacy Specialist will review and
process your request for reimbursement based on the negotiated rate between Presbyterian Health Plan and the dispensing pharmacy minus any copay or coinsurance that may apply. Members will not be liable to a provider for any sums owed to the provider by Presbyterian.

The Pharmacy Specialist needs the following information to determine reimbursement amounts. Please submit a Member Reimbursement Form and attach the itemized cash register and prescription drug detail (pharmacy pamphlet) along with the following information.

- Patient’s Name
- Patient’s Date of Birth
- Name of the Drug
- Quantity dispensed
- NDC (National Drug Code)
- Fill Date
- Name of Prescriber
- Name and phone number of the dispensing pharmacy
- Reason for the purchase (nature of emergency)
- Proof of Payment

Member Reimbursement forms are available by calling our Presbyterian Customer Service Center, Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call our TTY 711.

A Pharmacy Service Call Center is available 24 hours a day to providers, pharmacies and members to address pharmacy benefit questions. Please contact PCSC at 1-800-923-6980.

A registered professional nurse or physician shall be immediately available by telephone seven days a week, 24 hours a day, to render utilization management determinations for providers.

Presbyterian shall provide all members and providers with a toll-free telephone number by which to contact utilization management staff on at least a five-day, 40 hours a week basis. All members must have immediate telephone access seven days a week, 24 hours a day, to their Primary Care Physician or the physician’s authorized on-call back-up provider. When these providers are unavailable, a registered nurse or physician on the utilization management staff must be available to respond to inquiries concerning emergency or urgent care.

In the event Medically Necessary Covered services are not reasonably available through participating healthcare professional, Presbyterian shall allow the PCP or other participating healthcare professional to refer a Member to a non-participating healthcare professional and shall fully reimburse the non-participating healthcare professional at the usual, customary, and reasonable rate or at an agreed-upon rate. Before Presbyterian may deny such a referral to a non-
participating physician or healthcare professional, the request must be reviewed by a specialist similar to the type of specialist to whom a referral is requested.

Maternity In-patient Hospital admissions and birthing center admissions require notification to appropriately manage care. Your provider will provide notification to the Health Plan of your maternity admission. Please see coverage for emergent/prior authorization admissions.
- In the event that the mother requests an earlier discharge, a mutual agreement must be reached between the mother and her attending Practitioner/Provider. Such discharge must be made in accordance with the medical criteria outlined in the most current version of
the “Guidelines for Prenatal Care” prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists including, but not limited to, the criterion that family Members or other support person(s) will be available to the mother for the first few days following early discharge.

• Maternity Inpatient care in excess of 48 hours following a vaginal delivery and 96 hours following a cesarean section will be Covered if determined to be Medically Necessary by the mother’s attending Practitioner/Provider. An additional stay will be considered a separate Hospital stay and requires Prior Authorization. Refer to your Summary of Benefits and Coverage for Cost Sharing information.

• High-risk Ambulance services are Covered in accordance with the Ambulance Services Benefits Section.

• The services of a Midwife or Certified Nurse Midwife are Covered, for the following:
  o The midwife’s services must be provided strictly according to their legal scope of practice and in accordance with all applicable state licensing regulations which may include a supervisory component.
  o The services must be provided in preparation for or in connection with the delivery of a newborn.
  o For purpose of Coverage under this Agreement, the only allowable sites of delivery are a Hospital or a licensed birthing center. Elective Home Births and any prenatal or postpartum services connected with Elective Home Births are not Covered. Elective Home Birth means a birth that was planned or intended by the Member or Practitioner/Provider to occur in the home.
  o The combined fees of the midwife and any attending or supervising Practitioners/Providers, for all services provided before, during and after the birth, may not exceed the allowable fee(s) that would have been payable to the Practitioner/Provider had he/she been the sole Practitioner/Provider of those services.

Newborn Care

A newborn of a Member will be Covered from the moment of birth when enrolled as follows:

• Your newborn or the newborn of your Spouse will be Covered from the moment of birth if we receive the signed and completed Qualifying Event Form within 60 days from the date of birth.
• If the Qualifying Event Form is not received within 60 days of the birth, then the newborn is not eligible for family coverage.
• If the above conditions are not met, we will not enroll the newborn for Coverage until the next Annual Enrollment Period.
• Neonatal care is available for the newborn of a Member for at least 48 hours of Inpatient care following a vaginal delivery and at least 96 hours of Inpatient care following a Cesarean section. If the mother is discharged from the Hospital and the newborn remains in the Hospital, it is considered a separate Hospital stay and requires Prior Authorization.
Authorization. Refer to your Summary of Benefits and Coverage for your Cost Sharing amount.

- Benefits for a newborn who is a Member shall include Coverage for injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. Where necessary to protect the life of the infant Coverage includes transportation, including air Ambulance Services to the nearest available Tertiary facility. Newborn Member benefits also include Coverage for newborn visits in the Hospital by the baby’s Practitioner/Provider, circumcision, incubator, and routine Hospital nursery charges.

- A newborn of a Member’s Dependent child cannot be enrolled unless the newborn is legally adopted by the Subscriber, or the Subscriber is appointed by the court as the newborn’s legal guardian.

- Coverage for the preventive screening of women who have family members with breast, ovarian, tubal or peritoneal cancers with one of several screening tools designed to
identify a family history that may be associated with an increased risk for potentially harmful mutations in breast cancer susceptibility genes (BRCA 1 or BRCA 2).

- Women with positive screening results may receive genetic counseling and, if indicated after counseling, BRCA testing as determined by her healthcare provider.
General Limitations

This Section explains the general limitations that apply to your Covered Benefits and other Sections of this Agreement.

Benefit Limitations

Your Covered Benefits may have specific limitations or requirements and are listed under the specific benefit section of this document:

- Some Benefits may be subject to dollar amount and/or visit limitations.
- Benefits may be excluded if the services are provided by Out-of-network Practitioners/Providers.
- Some Benefits may be subject to Prior Authorization.

Refer to your Summary of Benefits and Coverage and the Benefits Section for details about these limitations.

Coverage while away from the Service Area

When you are away from the Service Area, Covered Benefits are limited to Emergency Health Care Services and Urgent Care.

Major Disasters

In the event of any major disaster, epidemic or other circumstances beyond our control, we shall render or attempt to arrange Covered Benefits with In-network Practitioners/Providers insofar as practical, according to our best judgment, and within the limitations of facilities and personnel as are then available. However, no liability or obligation shall result from nor shall be incurred for the delay or failure to provide any such service due to the lack of available facilities or personnel if such lack is the result of such disaster, epidemic or other circumstances beyond our control, and if we have made a good-faith effort to provide or arrange for the provision of such services. Such circumstances include complete or partial disruption of facilities, war, act(s) of terrorism, riot, civil insurrection, disability of a significant part of a Hospital, our personnel or In-network Practitioners/Providers or similar causes.

Prior Authorization

Benefits for certain services and supplies are subject to Prior Authorization as specified in the Prior Authorization Section. Benefits will not be payable for services from Out-of-network Practitioners/Providers if you fail to obtain Prior Authorization.
Exclusions

This Section lists services that are not Covered (Excluded Services) under your Health Benefit Plan. All other benefits and services not specifically listed as Covered in the Benefits Section shall be Excluded Services.

Any service, treatment, procedure, facility, equipment, drugs, drug usage, device or supply determined to be not Medically Necessary when subject to medical necessity review, is not Covered. This includes any service, which is not recognized according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by the Health Care Insurer consistent with such federal, national, and professional practice guidelines, or any service for which the required approval of a government agency has not been granted at the time the service is provided.

Claims

Your health care benefits are considered and paid according to the conditions outlined in this Section. If you paid a Provider for services, this Section outlines the process to follow for reimbursement.

When services are obtained from an In-network Practitioner/Provider, the Practitioner/Provider will submit the claim to Presbyterian for you. It is important that you provide your current Presbyterian identification card to the Practitioner/Provider so they may obtain the mailing address listed on the back of the card. Services obtained from In-network Practitioners/Providers may require Cost Sharing amounts (Copayments, Deductible and/or Coinsurance) that you pay at the time of service. The amount of your Cost Sharing responsibility for each service can be found in your Summary of Benefits and Coverage.

Notice of Claim

The timely filing limit for an In-network Practitioner/Provider is ninety (90) days from the date of service, whereas the timely filing limit for an Out-of-network Practitioner/Provider is one year from the date of service.

Written notice of claim must be given to us within twenty days after the date of loss or as soon as reasonably possible. Failure to give notice within the time specified will not invalidate or reduce any claim if notice is given as soon as reasonably possible.

Claim Forms

You may call or write to us to notify us of a claim. Upon receipt of a notice of claim, we will furnish you with the forms needed for filing proof of service. Forms will be furnished within 15 days after we receive such notice. You may access our web site, https://www.phs.org/healthplans/member-information/Pages/forms-and-documents.aspx to obtain a claim form.

In-network Practitioners/Providers

We reimburse In-network Practitioners/Providers for Covered services provided to you. You should not be required to pay sums to any In-network Practitioner/Provider, except for the required cost sharing amount. You will be responsible for the payment of fees charged for missed appointments or appointments canceled without adequate notice, if any.

If you are asked by an In-network Practitioner/Provider to make any payments in addition to the Cost Sharing amount specified in this Agreement, you should consult our Presbyterian Customer Service Center at (505) 923-6980 or 1-800-923-6980, Monday through Friday from 7 a.m. to 6 p.m. Hearing impaired users may call our
TTY line at 711 before making any such additional payments. You will not be liable to an In-network Practitioner/Provider for any sums that we owe the Practitioner/Provider.

Out-of-network Practitioners/Providers

Except for Emergency Health Care Services described in the Accidental Injury / Urgent Care / Emergency Health Services / Observation / Trauma Services Benefit Section, you must receive our written Prior Authorization prior to receiving services from an Out-of-network Practitioner/Provider. Otherwise, you will be responsible for all charges incurred.

If you are Authorized to obtain services from an approved Out-of-network Practitioner/Provider, as specified in the Prior Authorization Section, you may be required to make full payment to that Out-of-network Practitioner/Provider at the time services are rendered. You should then submit the claim or a summary of the medical services rendered, in addition to Proof of Payment. Proof of payment includes the check, credit card statement or receipt showing that the services were paid in full satisfactory evidence to us that such payment was made to an Out-of-network Practitioner/Provider. Upon review and approval of the evidence of payment and Prior Authorization, we shall reimburse you for Covered Benefits, based upon Medicare Allowable Charges, less any required Copayment and/or Coinsurance you would have been required to pay if the services had been obtained from an In-network Practitioner/Provider. You will be responsible for charges not specifically Covered by us.

Emergency Health Care Services rendered to a Member while traveling outside of New Mexico shall be Covered as specified in the Accidental Injury/ Urgent Care/Emergency Health Services/Observation/Trauma Services Benefits Section of this Agreement.

Procedure for Reimbursement

When you receive Covered Services from a Practitioner/Provider and the Practitioner/Provider charged for that service, written proof (claim) of such charge must be furnished to us within 90 days from the date of service for In-network Practitioners/Providers and within one year from the date of service for Out-of-network Practitioners/Providers in order for you to receive reimbursement. If you are relying on an Out-of-network Practitioner/Provider to furnish a claim on your behalf, you are responsible for ensuring claims have been submitted within one year from the date of service. Any such charge shall be paid upon our receipt of a Practitioner/Provider billing or completed valid claim for the Health Care Services for which claim is made.

If you need a claim form or have questions regarding a charge made by your Practitioner/Provider, please contact our Presbyterian Customer Service Center at (505) 923-6980 or 1-800-923-6980, Monday through Friday from 7 a.m. to 6 p.m. Hearing impaired users may call our TTY 711. Claim forms are also available on our website at www.phs.org.

Services Received Outside the United States

Benefits are available for Emergency Health Care Services and Urgent Care services received outside the United States. These services are Covered as explained in the Benefits Section. You are responsible for ensuring that claims sent to us, at the address cited above, are appropriately translated and that the monetary exchange rate effective on the date(s) you received medical care is clearly identified when submitting claims for services received outside the United States.

Presbyterian cannot reimburse foreign Practitioners/Providers. You should then submit the claim or a summary of the medical services rendered, in addition to Proof of Payment. Proof of payment includes the check, credit card statement or receipt showing that the services were paid in full.

Claim Fraud

Anyone who knowingly presents a false or fraudulent claim for payment of a loss, or benefit or knowingly presents false information for services is guilty of a crime and may be subject to civil fines and criminal penalties. We may terminate your Coverage for any type of fraudulent activity. For further information regarding Fraud, refer to the General Provisions Section.
Effects of Other Coverage

This Section explains how we will coordinate benefits should you have medical coverage through another Health Benefits Plan.

Coordination of Benefits

If you have medical coverage under any other Health Benefits Plan, other public or private group programs, or any other health insurance policy, the benefits provided or payable hereunder shall be reduced to the extent that benefits are available to you under such other plan, policy or program.

Coordination of Benefits (COB) applies to this Agreement when a Member has medical benefits under more than one plan. The objective of COB is to make sure the combined payments of the plans are no more than your actual medical bills. PHP coordinates benefits according to the “Standard Other Insurance Rule”. Please contact the Presbyterian Customer Service Center for additional information on this rule. Also, each plan determines the maximum allowable payment for a given service and this maximum allowable may vary by plan. For this reason, there is no guarantee that 100% of the charges will be paid even when a Member has more than one medical plan.

The rules establishing the order of benefit determination between this Agreement and any other plan covering a Member not on COBRA continuation on whose behalf a claim is made are as follows:

• Employee/Dependent Rule
  o The plan, which covers you as an employee, pays first.
  o The plan, which covers you as a Dependent, pays second.

• Birthday Rule for Dependent children of parents who are not separated or divorced
  o The plan, which covers the parent whose birthday falls earlier in the year, pays first. The plan, which covers the parent whose birthday falls later in the year, pays second. The birthday order is determined by the month and the day of birth, not the year of birth.
  o If both parents have the same month and day of birth, the plan that Covered the parent longer, will pay claims first. The plan which covered the parent for a shorter period of time pays second.

• Dependent children of separated or divorced parents
  o The plan of the parent decreed by a court of law to have responsibility for medical coverage pays first.
  o In the absence of a court order:
    ▪ The plan of the parent with physical custody of the child pays first.
    ▪ The plan of the Spouse of the parent with physical custody (i.e., the stepparent) pays second.
    ▪ The plan of the parent not having physical custody of the child pays third.

• Active/Inactive Employee
The plan, which covers you as an active employee (or Dependent of an active employee), pays first.
The plan, which covers you as a retired or laid-off employee (or Dependent of a retired or laid-off employee), pays second.

- **Longer/Shorter Employment**
  - In the case where you are the Subscriber under more than one group health insurance policy, then the plan that has Covered you for a longer period of time will pay first. A change of insurance carrier by the group employer does not constitute the start of a new plan.

- **No Coordination Provision**
  - In spite of the rules listed above, the plan that has no provision regarding coordination of benefits will pay first.

- If you are covered under a motor vehicle or homeowner’s insurance policy which provides benefits for medical expenses resulting from a motor vehicle accident or accident in your own home, you shall not be entitled to benefits under this Agreement for injuries arising out of such accident to the extent they are covered by the motor vehicle or homeowner’s insurance policy. If we have provided such benefits, we shall have the right to recover any benefits we have provided from you or from the motor vehicle or homeowner’s insurance policy to the extent they are available under the motor vehicle or homeowner’s insurance policy.

In no event shall the Covered Benefits received under this Agreement and all other plans combined exceed the total reasonable actual expenses for the services provided under this Agreement.

For purposes of coordination of benefits,

- We may release, request, or obtain claim information from any individual or organization. In addition, any Member claiming benefits from us shall furnish us with any information which we may require.
- We have the right, if we make overpayments because of your failure to report other coverage or any other reason, to recover such excess payment from any individual to whom, or for whom, such payments were made.
- We will not be obligated to pay for non-Covered Services or Covered Benefits not obtained in compliance with our policies and procedures.

**Medicare**

If you are enrolled in Medicare, the Covered Benefits provided by this Agreement are not designed to duplicate any benefit to which you are entitled under the Social Security Act. Covered Benefits will be coordinated in compliance with current applicable federal regulations.
Medicaid

The Covered Benefits payable by us under this Agreement, on behalf of a Member who is qualified for Medicaid, will be paid to the state Human Services Department, or its designee, when:

- The Human Services Department has paid or is paying benefits on behalf of the Member under the state’s Medicaid program pursuant to Title XIX and/or Title XXI of the Federal Social Security Act.
- The payment for the services in question has been made by the state Human Services Department to the Medicaid Practitioner/Provider.

Subrogation (Recovering Health Care Expenses from Others)

The Covered Benefits under this Agreement will be available to you if you are injured by the act or omission of another person, firm, operation or entity. If you receive Covered Benefits under this Agreement for treatment of such injuries, we will be subrogated to your rights or the Personal Representative of a deceased Member, or Dependent Member, to the extent of all such payments made by us for such benefits. This means that if we provide or pay Covered Benefits, you must repay us the amounts recovered for all such payments made by us in any lawsuit, settlement, or by any other means. This rule applies to any and all monies you may receive from any third party or insurer, or from any uninsured or underinsured motorist insurance benefits, as well as from any other person, organization or entity.

By way of illustration only, our right of subrogation includes, but is not limited to, the right to be repaid when you recover money for personal injury sustained in a car accident. The subrogation right applies whether you recover directly from the wrongdoer or from the wrongdoer’s insurer, or from your uninsured motorist insurance coverage. You agree to sign and deliver to us such documents and papers as may be necessary to protect our subrogation right. You also agree to keep us advised of:

- Any claims or lawsuits made against any person, firm or entity responsible for any injuries for which we have paid Covered Benefits.
- Any claim or lawsuit against any insurance company, or uninsured or underinsured motorist insurance carrier.

Settlement of a legal claim or controversy without prior notice to us is a violation of this Agreement. In the event you fail to cooperate with us or take any other action, through agents or otherwise, which interferes with the exercise of our subrogation right, we may have, and hereby expressly reserve, all legal remedies available to us.

When reasonable collection costs and reasonable legal expenses have been incurred in recovering sums which benefit both you and us, we will, upon request by you or your attorney, share such collection costs and legal expenses, in a manner that is fair and equitable, but only if we receive appropriate documentation of such collection costs and legal expenses.
Summary of Health Insurance Grievance Procedures

This Section explains how to file a Complaint, Grievance and Appeal.

This is a summary of the process you must follow when you request a review of a decision by your insurer. You will be provided with detailed information and complaint forms by your insurer at each step. In addition, you can review the complete New Mexico regulations that control the process under the Managed Health Care Bureau page found under the Departments tab on the Office of Superintendent of Insurance (OSI) website, located at www.osi.state.nm.us. You may also request a copy from your insurer at: www.phs.org or from OSI by calling (505) 827-4601 or toll free at 1-855-427-5674.

What types of decisions can be reviewed?

You may request a review of two different types of decisions:

Adverse determination: You may request a review if your insurer has denied preauthorization (certification) for a proposed procedure, has denied full or partial payment for a procedure you have already received, or is denying or reducing further payment for an ongoing procedure that you are already receiving and that has been previously covered. (The insurer must notify you before terminating or reducing coverage for an ongoing course of treatment, and must continue to cover the treatment during the appeal process.) This type of denial may also include a refusal to cover a service for which benefits might otherwise be provided because the service is determined to be experimental, investigational, or not medically necessary or appropriate. It may also include a denial by the insurer of a participant’s or beneficiary’s eligibility to participate in a plan. These types of denials are collectively called “adverse determinations.”

Administrative decision: You may also request a review if you object to how the insurer handles other matters, such as its administrative practices that affect the availability, delivery, or quality of health care services; claims payment, handling or reimbursement for health care services; or if your coverage has been terminated.

Review of an Adverse Determination

How does pre-authorization for a health care service work?

When your insurer receives a request to pre-authorize (certify) payment for a healthcare service (service) or a request to reimburse your healthcare provider (provider) for a service that you have already had, it follows a two-step process.

- Coverage: First, the insurer determines whether the requested service is covered under the terms of your health benefits plan (policy). For example, if your policy excludes payment for adult hearing aids, then your insurer will not agree to pay for you to have them even if you have a clear need for them.
• **Medical necessity:** Next, if the insurer finds that the requested service is covered by the policy, the insurer determines, in consultation with a physician, whether a requested service is medically necessary. The consulting physician determines medical necessity either after consultation with specialists who are experts in the area or after application of uniform standards used by the insurer. For example, if you have a crippling hand injury that could be corrected by plastic surgery and you are also requesting that your insurer pay for cosmetic plastic surgery to give you a more attractive nose, the insurer might certify the first request to repair your hand and deny the second, because it is not medically necessary.

Depending on terms of your policy, your insurer might also deny certification if the service you are requesting is outside the scope of your policy. For example, if your policy does not pay for experimental procedures, and the service you are requesting is classified as experimental, the insurer may deny certification. Your insurer might also deny certification if a procedure that your provider has requested is not recognized as a standard treatment for the condition being treated.

**IMPORTANT:** If your insurer determines that it will not certify your request for services, you may still go forward with the treatment or procedure. However, you will be responsible for paying the provider yourself for the services.

**How long does initial certification take?**

**Standard decision:** The insurer must make an initial decision within 5 working days. However, the insurer may extend the review period for a maximum of 10 calendar days if it: (1) can demonstrate reasonable cause beyond its control for the delay; (2) can demonstrate that the delay will not result in increased medical risk to you; and (3) provides a written progress report and explanation for the delay to you and your provider within the original 5 working day review period.

**What if I need services in a hurry?**

**Urgent care situation:** An urgent care situation is a situation in which a decision from the insurer is needed quickly because: (1) delay would jeopardize your life or health; (2) delay would jeopardize your ability to regain maximum function; (3) the physician with knowledge of your medical condition reasonably requests an expedited decision; (4) the physician with knowledge of your medical condition, believes that delay would subject you to severe pain that cannot be adequately managed without the requested care or treatment; or (5) the medical demands of your case require an expedited decision.

If you are facing an urgent care situation or your insurer has notified you that payment for an ongoing course of treatment that you are already receiving is being reduced or discontinued, you or your provider may request an expedited review and the insurer must either certify or deny the
initial request quickly. The insurer must make its initial decision in accordance with the medical demands of the case, but within 24 hours after receiving the request for an expedited decision.

If you are dissatisfied with the insurer’s initial expedited decision in an urgent care situation, you may then request an expedited review of the insurer’s decision by both the insurer and an external reviewer called an Independent Review Organization (IRO). When an expedited review is requested, the insurer must review its prior decision and respond to your request within 72 hours. If you request that an IRO perform an expedited review simultaneously with the insurer’s review and your request is eligible for an IRO review, the IRO must also provide its expedited decision within 72 hours after receiving the necessary release of information and related records. If you are still dissatisfied after the IRO completes its review, you may request that the Superintendent review your request. This review will be completed within 72 hours after your request is complete.

The internal review, the IRO review, and the review by the Superintendent are described in greater detail in the following sections.

**IMPORTANT:** If you are facing an emergency, you should seek medical care immediately and then notify your insurer as soon as possible. The insurer will guide you through the claims process once the emergency has passed.

**When will I be notified that my initial request has been either certified or denied?**

If the initial request is approved, the insurer must notify you and your provider within 1 working day after the decision, unless an urgent matter requires a quicker notice. If the insurer denies certification, the insurer must notify you and the provider within 24 hours after the decision.

If my initial request is denied, how can I appeal this decision? If your initial request for services is denied or you are dissatisfied with the way your insurer handles an administrative matter, you will receive a detailed written description of the grievance procedures from your insurer as well as forms and detailed instructions for requesting a review. You may submit the request for review either orally or in writing depending on the terms of your policy. The insurer provides representatives who have been trained to assist you with the process of requesting a review. This person can help you to complete the necessary forms and with gathering information that you need to submit your request. For assistance, contact the insurer’s consumer assistance office as follows:

**Phone:** (505) 923-6980 or at 1-800-923-6980

Who can request a review?

A review may be requested by you as the patient, your provider, or someone that you select to act on your behalf. The patient may be the actual subscriber or a dependent who receives coverage through the subscriber. The person requesting the review is called the “grievant.”

Appealing an adverse determination – first level review

If you are dissatisfied with the initial decision by your insurer, you have the right to request that the insurer’s decision be reviewed by its medical director. The medical director may make a decision based on the terms of your policy, may choose to contact a specialist or the provider who has requested the service on your behalf, or may rely on the insurer’s standards or generally recognized standards.

How much time do I have to decide whether to request a review?

You must notify the insurer that you wish to request an internal review within 180 days after the date you are notified that the initial request has been denied.

What do I need to provide? What else can I provide?

If you request that the insurer review its decision, the insurer will provide you with a list of the documents you need to provide and will provide to you all of your records and other information the medical director will consider when reviewing your case. You may also provide additional information that you would like to have the medical director consider, such as a statement or recommendation from your doctor, a written statement from you, or published clinical studies that support your request.
How long does a first level internal review take?

**Expedited review:** If a review request involves an urgent care situation, your insurer must complete an expedited internal review as required by the medical demands of the case, but in no case later than 72 hours from the time the internal review request was received.

**Standard review:** Your insurer must complete both the medical director’s review and (if you then request it) the insurer’s internal panel review within 30 days after receipt of your pre-service request for review or within 60 days if you have already received the service. The medical director’s review generally takes only a few days.

**The medical director denied my request - now what?**

If you remain dissatisfied after the medical director’s review, you may either request a review by a panel that is selected by the insurer or you may skip this step and ask that your request be reviewed by an IRO that is appointed by the Superintendent. If you ask to have your request reviewed by the insurer’s panel, then you have the right to appear before the panel in person or by telephone or have someone, (including your attorney), appear with you or on your behalf. You may submit information that you want the panel to consider, and ask questions of the panel members. Your health provider may also address the panel or send a written statement.

If you decide to skip the panel review, you will have the opportunity to submit your information for review by the IRO, but you will not be able to appear in person or by telephone. OSI can assist you in getting your information to the IRO.

**IMPORTANT:** If you are covered under the NM State Healthcare Purchasing Act, you may **NOT** request an IRO review if you skip the panel review.

**How long do I have to make my decision?**

If you wish to have your request reviewed by the insurer’s panel, you must inform the insurer within **5 days** after you receive the medical director’s decision. If you wish to skip the insurer’s panel review and have your matter go directly to the IRO, you must inform OSI of your decision within **4 months** after you receive the medical director’s decision.

**What happens during a panel review?**

If you request that the insurer provide a panel to review its decision, the insurer will schedule a hearing with a group of medical and other professionals to review the request. If your request was denied because the insurer felt the requested services were not medically necessary, were experimental or were investigational, then the panel will include at least one specialist with specific training or experience with the requested services.
The insurer will contact you with information about the panel’s hearing date so that you may arrange to attend in person or by telephone, or arrange to have someone attend with you or on your behalf. You may review all of the information that the insurer will provide to the panel and submit additional information that you want the panel to consider. If you attend the hearing in person or by telephone, you may ask questions of the panel members. Your medical provider may also attend in person or by telephone, may address the panel, or send a written statement.

The insurer’s internal panel must complete its review within 30 days following your original request for an internal review of a request for pre-certification or within 60 days following your original request if you have already received the services. You will be notified within 1 day after the panel decision. If you fail to provide records or other information that the insurer needs to complete the review, you will be given an opportunity to provide the missing items, but the review process may take much longer and you will be forced to wait for a decision.

**Hint:** If you need extra time to prepare for the panel’s review, then you may request that the panel be delayed for a maximum of 30 days.

**If I choose to have my request reviewed by the insurer’s panel, can I still request the IRO review?**

Yes. If your request has been reviewed by the insurer’s panel and you are still dissatisfied with the decision, you will have **4 months** to request a review by an IRO.

**What’s an IRO and what does it do?**

An IRO is a certified organization appointed by OSI to review requests that have been denied by an insurer. The IRO employs various medical and other professionals from around the country to perform reviews. Once OSI selects and appoints an IRO, the IRO will assign one or more professionals who have specific credentials that qualify them to understand and evaluate the issues that are particular to a request. Depending on the type of issue, the IRO may assign a single reviewer to consider your request, or it may assign a panel of reviewers. The IRO must assign reviewers who have no prior knowledge of the case and who have no close association with the insurer or with you. The reviewer will consider all of the information that is provided by the insurer and by you. (OSI can assist you in getting your information to the IRO.) In making a decision, the reviewer may also rely on other published materials, such as clinical studies.

The IRO will report the final decision to you, your provider, your insurer, and to OSI. Your insurer must comply with the decision of the IRO. If the IRO finds that the requested services should be provided, then the insurer must provide them.

*The IRO’s fees are billed directly to the insurer – there is no charge to you for this service.*
How long does an IRO review take?

The IRO must complete the review and report back within 20 days after it receives the information necessary for the review. (However, if the IRO has been asked to provide an expedited review regarding an urgent care matter, the IRO must report back within 72 hours after receiving all of the information it needs to review the matter.)

Review by the Superintendent of Insurance

If you remain dissatisfied after the IRO’s review, you may still be able to have the matter reviewed by the Superintendent. You may submit your request directly to OSI, and if your case meets certain requirements, a hearing will be scheduled. You will then have the right to submit additional information to support your request and you may choose to attend the hearing and speak. You may also ask other persons to testify at the hearing. The Superintendent may appoint independent co-hearing officers to hear the matter and to provide a recommendation.

The co-hearing officers will provide a recommendation to the Superintendent within 30 days after the hearing is complete. The Superintendent will then issue a final order.

There is no charge to you for a review by the Superintendent of Insurance and any fees for the hearing officers are billed directly to the insurer. However, if you arrange to be represented by an attorney or your witnesses require a fee, you will need to pay those fees.

Review of an Administrative Decision

How long do I have to decide if I want to appeal and how do I start the process?

If you are dissatisfied with an initial administrative decision made by your insurer, you have a right to request an internal review within 180 days after the date you are notified of the decision. The insurer will notify you within 3 days after receiving your request for a review and will review the matter promptly. You may submit relevant information to be considered by the reviewer.

How long does an internal review of an Administrative Decision take?

The insurer will mail a decision to you within 30 days after receiving your request for a review of an administrative decision.
Can I appeal the decision from the internal reviewer?

Yes. You have 20 days to request that the insurer form a committee to reconsider its administrative decision.

What does the reconsideration committee do? How long does it take?

When the insurer receives your request, it will appoint two or more members to form a committee to review the administrative decision. The committee members must be representatives of the company who were not involved in either the initial decision or the internal review. The committee will meet to review the decision within 15 days after the insurer receives your request. You will be notified at least 5 days prior to the committee meeting so that you may provide information, and/or attend the hearing in person or by telephone.

If you are unable to prepare for the committee hearing within the time set by the insurer, you may request that the committee hearing be postponed for up to 30 days.

The reconsideration committee will mail its decision to you within 7 days after the hearing.

How can I request an external review?

If you are dissatisfied with the reconsideration committee’s decision, you may ask the Superintendent to review the matter within 20 days after you receive the written decision from the insurer. You may submit the request to OSI using forms that are provided by your insurer. Forms are also available on the OSI website located at www.osi.state.nm.us. You may also call OSI to request the forms at (505) 827-4601 or toll free at 1-855-427-5674.

How does the external review work?

Upon receipt of your request, the Superintendent will request that both you and the insurer submit information for consideration. The insurer has 5 days to provide its information to the Superintendent, with a copy to you. You may also submit additional information including documents and reports for review by the Superintendent. The Superintendent will review all of the information received from both you and the insurer and issue a final decision within 45 days. If you need extra time to gather information, you may request an extension of up to 90 days. Any extension will cause the review process and decision to take more time.

General Information

Confidentiality

Any person who comes into contact with your personal health care records during the grievance process must protect your records in compliance with state and federal patient confidentiality
laws and regulations. In fact, the provider and insurer cannot release your records, even to OSI, until you have signed a release.

**Special needs and cultural and linguistic diversity**

Information about the grievance procedures will be provided in accessible means or in a different language upon request in accordance with applicable state and federal laws and regulations.

**Reporting requirements**

Insurers are required to provide an annual report to the Superintendent with details about the number of grievances it received, how many were resolved and at what stage in the process they were resolved. You may review the results of the annual reports on the OSI website.

*The preceding summary has been provided by the Office of the Superintendent of Insurance. This is not legal advice, and you may have other legal rights that are not discussed in these procedures.*
Records

Your medical records are important documents needed in order to administer your Health Benefits Plan. This Section explains how we ensure the confidentiality of these records and how these records are used to administer your plan.

Creation of Non-Medical Records

We shall keep your records related to personal identification information, which does not specifically relate to your medical diagnosis or treatment. You shall forward information periodically to us as we may require in connection with the administration of this Agreement.

Accuracy of Information

We shall not be liable to fulfill any obligation which is dependent upon information submitted by you prior to its receipt in a satisfactory manner. We are entitled to rely on such information as submitted. We at our sole discretion may make any necessary corrections due to recognizable clerical error. We will date and initial the correction of the error.

Consent for Use and Disclosure of Medical Records

We are entitled to receive from any Practitioner/Provider of services Protected Health Information (PHI) about you to the extent permitted by applicable law, for any permitted purpose, including but not limited to, quality assurance, Utilization Review, processing of claims, financial audits or other purposes related to payment and certain of our health care operation activities. A determination of benefit Coverage may be suspended pending receipt of this information. By acceptance of Coverage under this Agreement, you give consent to each Practitioner/Provider rendering services hereunder to disclose all information to us (to the extent permitted by applicable law) pertaining to you for any permitted purpose specified in the law. This consent shall not permit a use or disclosure of PHI when an authorization is required by law or when another condition must be met for such use or disclosure to be permitted under applicable law. We will comply with the Health Insurance Portability and Accountability Act (HIPAA) rules and regulations.

Professional Review

We are permitted by law to use your records to conduct professional/regulatory review programs for Health Care Services without your consent/authorization. Such review programs include, but are not limited to, the National Committee for Quality Assurance (NCQA), Healthcare Effectiveness Data and Information Set (HEDIS), and the Office of the Superintendent of Insurance (OSI).
Confidentiality of Protected Health Information/Medical Records

You will receive a Notice of Privacy Practices that we issue, which will contain a statement of your rights with respect to PHI and a brief description of how you may exercise your rights.

What is PHI?

Protected Health Information, or PHI, is any health information about you that clearly identifies you or that could reasonably be used to identify you and your health needs that we send, receive, or keep as part of our daily work to improve your health. This includes information sent, received, and kept by electronic, written and oral means. Medical records and claims are two examples of PHI.

We keep your PHI safe. Unless otherwise permitted or required by law, we will not disclose confidential information without your consent/authorization. Your privacy in all settings is important to us.

As a Member you (or your legal guardian/Personal Representative) have the right to:

- Request restrictions on certain uses and disclosures of PHI, although we are not required to agree to a requested restriction.
- Receive confidential communications of PHI from us.
- With certain exceptions, inspect and receive a copy of PHI.
- Request an amendment to PHI you believe to be incorrect or incomplete.
- Receive an accounting of certain disclosures of PHI.
- Obtain a paper copy of the Notice of Privacy Practices from us upon request (even if you previously agreed to receive the Notice(s) electronically).

Access to PHI

All confidential documents are kept in a physically secure location with access limited to authorized Plan personnel only. You (or your legal guardian/Personal Representative) have the right, with certain exceptions, to request access to inspect and obtain a copy of your PHI. We may charge a reasonable fee for providing a copy, summary or explanation of the information you request. If there is a fee, we will tell you how much it will cost before we provide the requested information. You may change your request to avoid or reduce the fee.

You do not have the right to inspect or obtain a copy of PHI that consists of:

- Psychotherapy notes
- Information gathered in reasonable expectation of, or for use in, a civil, criminal, or Administrative action or proceeding
- PHI maintained by us that is subject to the Clinical Laboratory Improvement Amendments of 1988 (CLIA) 42 U.S.C. 263a, to the extent the provision of access to you
would be prohibited by law; or exempt from the Clinical Laboratory Improvements Amendments of 1988 (CLIA), pursuant to 42 CFR 493.3(a)(2).

To request access to inspect or obtain a copy of your PHI, you must submit your request in writing to:

Presbyterian Health Plan
Attn: Director, Presbyterian Customer Service Center
P.O. Box 27489
Albuquerque, NM 87125-7489

We will act on your request for access to PHI no later than thirty (30) days after receipt of the request. If we are unable to take an action within the required timeframe, the Plan may take up to thirty (30) additional days, provided that, no later than thirty (30) days after receiving your request, the Plan provides you with a written statement of the reason for the delay and date by which we will complete its action on your request.

Routine Uses and Disclosures of PHI

We routinely use PHI for a number of important and appropriate purposes, including:

- Claims payment
- Fraud and abuse prevention
- Data collection
- Performance measurements
- Meeting state and federal requirements
- Utilization management
- Accreditation activities
- Preventive health services
- Early detection and disease management programs
- Coordination of care
- Quality assessment and measurement, including surveys, research of Complaints and Grievances, billing and other stated uses
- Responding to your requests for information, products or services

We do not disclose PHI to anyone other than as permitted by the plan documents or required by law. We use and disclose information we collect only as necessary to deliver health care products and services to you in accordance with our Contracts, or to comply with legal requirements.

Our employees refer to your Personal Health Information only when necessary to perform assigned duties for their job. Our employees handle your health records according to our stringent confidentiality policies.
Consents/Authorizations

Although consent from you (or your legal guardian/Personal Representative) is not required to use or disclose PHI for certain purposes specified in the law, a Practitioner/Provider shall request that you (or your legal guardian/Personal Representative) sign a consent form permitting disclosure of medical records (to the extent permitted by law) to us at the time of your first visit to the Practitioner/Provider.

In the event that the Practitioner/Provider fails to obtain such consent for disclosure to us, or you refuse to sign such consent for disclosure to us, we shall use our best efforts to obtain such written consent from you (or your legal guardian/Personal Representative) prior to the Practitioner’s/Provider’s release of PHI (i.e., health records) to us for purposes permitted by law.

When you sign your enrollment form (Application), you are giving consent (to the extent permitted by applicable law) to the use or the release of your PHI by any person or entity including without limitation, Practitioners/Providers and insurance companies, to us or our designees (including its authorized agents, regulatory agencies and affiliates) for any permitted purpose, including but not limited to, quality assurance, Utilization Review, processing of claims, financial audits or other purposes related to the payment, or certain health care operations activities of our Plan. This consent does not permit a use or disclosure of PHI when an authorization is required by law.

We will not further release PHI about you without your permission/authorization unless permitted or required by law.

We require all In-network Practitioners/Providers and facilities to maintain confidential patient information in accordance with federal and state laws including, HIV/AIDS status, mental health, sexually transmitted diseases or alcohol/drug abuse. State and federal law prohibits further disclosure of HIV/AIDS, other sexually transmitted disease, mental health and alcohol abuse and drug abuse information to any person or agency without obtaining specific valid written authorization for that purpose from the patient (or legal guardian/Personal Representative), or as otherwise permitted by state or federal law.

To request an Authorization Form, please contact our Presbyterian Customer Service Center, Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call the TTY line at 711 or visit our website at www.phs.org. Authorization Forms will be kept in your medical record or enrollment file.

Members Who Are Unable to Give Consent/Authorization

Sometimes courts or doctors decide that certain people are unable to understand enough to make decisions for themselves. Usually, a person with legal authority to make health care decisions for a child or other person (for example, a parent or legal guardian) can exercise the health
information rights described herein for the child or other person, but not always. Unless otherwise required or permitted by law, when we need an Authorization Form signed for a person who can’t make health care decisions for themselves, we will have it signed by their legal guardian/Personal Representative.

**Right to Request Amendments (Changes) to PHI**

We recognize your right to request amendment of PHI or a record containing PHI for as long as the PHI is maintained in our records. Our Presbyterian Customer Service Center will accept written requests to amend PHI. We must approve or deny your request to amend the disputed PHI no later than 60 days after receipt of the request. If we are unable to take an action within the required timeframe, we may take up to 30 additional days, provided that, no later than 60 days after receiving your request, we provide you with a written statement of the reason for the delay and date by which we will complete our action on your request and notify you in writing of the determination no later than 60 to 90 days after receipt of such a request.

**Process for Members to Request an Accounting of Disclosures of PHI**

You (or your legal guardian/Personal Representative) may request an accounting of PHI disclosures by submitting a request to our Presbyterian Customer Service Center by calling Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call the TTY line at 711 or visit our website at [www.phs.org](http://www.phs.org). With some exceptions, as described in the Notice of Privacy Practices issued by us in a separate document, the accounting will show when we disclosed PHI about you to others without authorization from you.

**Restriction of PHI Use or Disclosures**

You (or your legal guardian/Personal Representative) have the right to request that use or disclosure of your PHI be restricted for the following purposes:

- Our treatment, payment and health care operations
- To persons involved in your care (i.e., family member, other relative, close personal friend, or any other person identified by you)
- For notification purposes of your location, general condition, or death
- To a public or private entity authorized by law or its charter to assist in disaster relief efforts

We are not required by law to agree to any requested restriction. If we agree to honor a requested restriction, we will not violate such restriction, except as permitted by law. We will accept your written request to restrict the use or disclosure of your PHI, or will document your verbal request in our records.
Use of Measurement Data

It is important for us to know about your illnesses to help us improve the quality of care our health care Practitioners/Providers provide to you. We sometimes use medical data (laboratory results, diagnoses, etc.) which does not identify you for this purpose.

Internal Protection of Oral, Written and Electronic PHI Across PHP

To ensure internal protection of oral, written, and electronic PHI across our organization, the following rules are strictly adhered to:

- PHI is accessed by Plan personnel only if such information is necessary to the performance of job related tasks.
- PHI is not discussed inside or outside our facility unless the data is necessary to the performance of job related tasks.
- PHI reports and other written materials are reasonably safeguarded throughout the facility against unauthorized access by Plan personnel or public viewing.
- All employees, volunteers, and any external entity with a business relationship with us that involves health information will be held responsible for the proper handling of our data and business communications and are required to sign a confidentiality statement or business associate agreement, respectively.

Violation of the above rules by any member of our workforce is grounds for disciplinary action, up to and including immediate dismissal.

Website Internet Information

We enforce security measures to protect PHI that is maintained on the website, network, software, and applications. We collect two types of information from visitors to our website:

- Website traffic statistics, including:
  - Where visitor traffic comes from
  - How traffic flows within the website
  - Browser type

  We monitor traffic statistics to help us improve the website and find out what visitors find interesting and useful.

- Personal information that you provide to us (such as your name, address, billing information, Health Benefit Plan enrollment status, etc.) if you fill out a form on our website.
  - We use your personal information to reply to your concerns. We save this information as needed to keep responsible records and handle inquiries.
  - We do not sell, trade, or rent personal information provided by visitors to our website to other persons, companies or partners.
Protection of Information Disclosed to Plan Sponsors, Employers or Government Agencies

Our policies and procedures prohibit sharing your PHI with any fully insured employer Group’s plan sponsor without your (or your legal guardian/Personal Representative’s) authorization. We are careful not to release PHI to your employer as part of routine financial and operating reports. We may disclose summary health information that does not identify you to plan sponsors for allowable purposes. We may disclose information to government agencies or accrediting organizations that monitor our compliance with applicable laws and standards as permitted by law.

If you have any questions regarding your PHI or would like to access your health records, you can contact our Presbyterian Customer Service Center Monday through Friday from 7 a.m. to 6 p.m. at (505) 923-6980 or 1-800-923-6980. Hearing impaired users may call the TTY line at 711 or visit our website at www.phs.org.
Eligibility, Enrollment, Effective Dates, Termination and Continuation

This Section explains eligibility requirements for Subscribers and/or their Dependents, important effective dates, conditions for Termination of Coverage and continuing Coverage for Members who become ineligible for this plan.

Catastrophic plans may only be offered to individuals who:

- Are under age 30 before the plan year begins, OR
- Have received a certification from an Exchange that they are exempt from the individual mandate because they do not have an affordable coverage option or because they qualify for a hardship exemption.

For other than self-only coverage, each individual enrolled must meet the criteria above to be eligible to enroll in a Catastrophic Plan.

How You Can Enroll as a Member

To be eligible for Covered Benefits in accordance with the terms of this Agreement, you must be enrolled as a Member. To be eligible to enroll as a Member, you must be a Subscriber or a Dependent of the Subscriber and meet the criteria listed below and continue to meet the criteria throughout the year.

Eligible Subscribers

A Subscriber is the person to whom the Contract is issued. To be eligible to enroll as a Subscriber, you must:

- Physically live or work (commuting daily) in the State of New Mexico, our Service Area.
- You and/or your Dependents cannot be eligible for Medicare due to age, illness or disability.

A Subscriber who has had a prior Contract or Agreement with us terminated for Good Cause, as described in the Glossary of Terms section or under any similar Sections of our other Agreements, is not eligible to enroll.

Eligible Dependents

A Dependent is a family member of a Subscriber as described in this Section. To be eligible to enroll as a Dependent for Coverage and become a Member, your Dependent must be:

- Your legally married Spouse (of the Subscriber), as defined by state law
- Physically live or work in the State of New Mexico, our Service Area
- Must not be Medicare Eligible

- Your Dependent child who is:
  - under 26 years of age; your natural child, a legally adopted child, or a child for whom you are legal guardian or have legal custody as defined by state law
  - your stepchild (foster children are not eligible)
  - a child of non-custodial parent(s)
  - in your custodial care as appointed by court order
  - a child for which a court or qualified administrative order is imposed
  - you or your Spouse’s Dependent child for whom you are required by court order to provide health care Coverage.

We will require proof, such as legal adoption or guardianship papers, income tax forms, court orders or administrative orders that a child qualifies as a Dependent for Coverage under this Agreement.

The enrollment of a Dependent child after they turn age 26, for Covered benefits under this contract, will be offered to be auto-reenrolled at the end of the plan year into a separate policy that will be effective January 1st.

A Dependent who has had a prior Contract or Agreement with us terminated for Good Cause, as described in the Glossary of Terms Section or under any similar Sections of our other Agreements, is not eligible to enroll.

**Court Ordered Coverage for Dependent Children in the Service Area**

The Dependent who is eligible due to a court order will be allowed to apply. Other siblings of the court-ordered Dependent, who do not meet the eligibility requirements as explained above, will not be eligible for Coverage.

**Dependents of Non-Custodial Parents**

When a Dependent child has Coverage through a non-custodial parent, we shall:

- Provide such information to the custodial parent as may be necessary for the child to obtain Covered Benefits.
- Permit the custodial parent or the Practitioner/Provider, with the custodial parent’s approval, to submit claims for Covered Benefits without the approval of the non-custodial parent.
- Make payment on claims for Covered Benefits submitted by the custodial parent (as explained above) directly to the custodial parent, the Practitioner/Provider or the state Medicaid agency.
Residence of a Dependent Child

Dependent Student

Dependent Students attending school within New Mexico may either receive care through their Primary Care Physician or at the Student Health Center. A Prior Authorization form is not needed prior to receiving care from the Student Health Center.

Dependent Students attending school outside of New Mexico may also receive care at the Student Health Center without Prior Authorization from us. Services provided outside of the Student Health Center are limited to Medically Necessary services for the initial care or treatment of Emergency Health Care Services or an Urgent Care situation.

For emergencies outside of New Mexico, you may seek Emergency Health Care Services from the nearest appropriate facility where emergency medical treatment can be provided. Refer to Benefits Accidental Injury / Urgent Care / Emergency Health Care Services / Observation / Trauma Services Section for further information on Emergency Health Care Services and follow-up care.

Total and Permanent Disability of an Enrolled Dependent Child

At the end of the plan year when an enrolled Dependent child reaches his or her 26th birthday and is totally and permanently disabled, the Coverage of the Dependent under this Agreement will not terminate. The enrolled Dependent must be incapable of self-sustaining employment by reason of intellectual disability or physical disability and chiefly dependent upon the Subscriber for support and maintenance. For Coverage to be continued for such Dependent child, you must furnish us with proof of such disability, incapacity and dependence within 31 days of the Dependent child's attainment of age 26. If we approve continued Coverage, we may request proof of the disability on each birthday thereafter.

Subscribers and Dependents Who May NOT Enroll

- A Subscriber’s grandchild is not eligible for Coverage unless the grandchild meets the eligibility criteria for a Dependent.
- A child born of a Member, when the Member is acting as a surrogate parent, is not eligible for Coverage.
- A Subscriber and/or Dependent is not eligible to enroll for Coverage if either Subscriber or Dependent has had a prior Contract or Agreement with us terminated for Good Cause as described in the Glossary of Terms Section or under any similar Sections of our other Agreements, unless we review and approve the new enrollment, in writing.
Enrollment and Effective Dates

If you meet the Subscriber or Dependent eligibility criteria, you may enroll in our Coverage by submitting a completed Application forms to:

Presbyterian Health Plan  
P.O. Box 27489  
Albuquerque, NM 87125-7489

- Annual open enrollment is from [November 1 to December 15].
- Subscribers and eligible Dependents may begin receiving services for Covered Benefits at 12:01 a.m. on the approved effective date after all of the requirements below have been met.
- The names of the Subscribers and eligible Dependents have been received in writing by us.
- All submission deadlines have been met.

Qualifying Events for Coverage and Special Enrollment Periods (SEPs)

When you are currently enrolled as a Subscriber, you may make certain changes to your Coverage due to a qualifying life event. We will require evidence of a qualifying life event in order to change your coverage through a Special Enrollment Period. You must complete and sign a Qualifying Event Form and submit it with within 60 days of the date of the change in family status. Terminating Coverage for a Dependent from your benefit plan Coverage is not an event that allows you to change your benefit Plan.

We recognize the following Qualifying Events as a reason for adding or removing Dependents:

- Loss of other Health Insurance Coverage or loss of other health insurance due to divorce.
- Gaining U.S. citizenship
- Moving your residence to a new service area
- Marriage
  - Your newly acquired Spouse (and any children of the Spouse eligible for Coverage under this Section) is eligible to be enrolled as a Dependent. Your spouse (and any child of the spouse eligible for Coverage) must complete and sign a Qualifying Event Form and submit it within 60 days from the date of marriage. Coverage will be effective as of the first day of the month following the date we receive the notification of divorce or legal separation
  - You must notify us within 60 days of the date of divorce or legal separation of the change in Dependent Coverage. Termination will be effective as of the last day of the month following the date we receive the notification.
- Birth of a child
Your newborn or the newborn of your Spouse will be Covered from the moment of birth if we receive the signed and completed Qualifying Event Form within 60 days from the date of birth.

If the Qualifying Event Form is not received within 60 days of the birth, then the newborn is not eligible for family coverage.

- Adoption of a child
  - A child under age 18 who is placed in your home for the purposes of adoption and for whom you have commenced adoption proceedings is eligible to be enrolled as a Dependent.
  - The child will be Covered from the date of placement for the purpose of adoption when we receive the signed and completed Qualifying Event Form within 60 days of the date of placement.
  - The term "placement" as used in this paragraph means the assumption and retention of a legal obligation for total or partial support of the child in anticipation of adoption of the child.
  - Such child shall continue to be eligible for Coverage unless placement is disrupted prior to legal adoption. The legal obligation terminates when placement terminates or is disrupted.

- Legal Guardianship
  - If you or your Spouse becomes the legal guardian for any child pursuant to court order, the child is eligible to be enrolled as a Dependent. You must submit a completed, signed Qualifying Event Form within 60 days of the date of the court and/or qualified administrative order granting guardianship.
  - The Dependent child will become a Member on the first day of the month following the date the order is filed with the clerk of the court. The Dependent child will continue to be eligible until such time as you or your Spouse are no longer the legal guardian for such child.

- Court ordered or qualified administrative ordered eligible Dependent Coverage
  - If you are required by a court or administrative order to provide Coverage for an eligible Dependent child, the Dependent child may be enrolled.
  - You must submit a completed and signed Application within 60 days from the date on which the Subscriber receives the court order or qualified administrative order.
  - The Coverage for the eligible Dependent child will become effective on the date in accordance with the court or administrative order. If the court order does not stipulate an effective date, the Dependent child will become Covered effective the first day of the month following the date the order was filed as public record with the court. In a case where the Subscriber was not previously compliant to the order, the effective date for the Dependent child will be the first day of the month following the receipt of the request.
A grandchild is not eligible for Coverage under this plan unless the Subscriber has adopted the grandchild, or is the legal guardian or has been ordered by a court of law or qualified administrative order to provide health care Coverage for the grandchild as identified above. This includes, but is not limited to children of non-custodial children.

If we do not receive a Qualifying Events Form within 60 days of adoption or legal guardianship as identified above, coverage for the newly acquired child will not begin until the first day of the month following receipt of the Application and any applicable payment.

At the end of the year in which your Dependent child turns 26, their coverage will be auto-reenrolled at the end of the plan year into a separate policy that will be effective January 1st unless the Dependent child is as described in the Totally and Permanently Disabled Dependent Child in this Section.

Upon the death of your Spouse or Dependent child, their Coverage will terminate.

Full, Accurate and Complete Information

You, as a Subscriber, must fully and accurately complete and sign an Application for Coverage as required. False or fraudulent statements or intentional misrepresentations of material fact provided in an Application may result in the Termination of all Coverage for you and your Dependents.

A retroactive Termination of Coverage or rescissions (back to the initial date of enrollment) for fraud or intentional misrepresentation of material fact, except for those attributable to failure to pay prepayments, premiums or contributions may occur. This rule does not apply to prospective Termination of Coverage.

We will provide at least 30 days advance written notice to each participant who would be affected prior to rescinding coverage.

Change in Address, Family Status and Employment

Changes in your Dependents, marital status, employment or address may affect your Coverage under this Agreement. You may notify us directly by calling our Presbyterian Customer Service Center at (505) 923-6980 or 1-800-923-6980, Monday through Friday from 7 a.m. to 6 p.m. Hearing impaired users may call our TTY line at 711. Or visit our website at www.phs.org.

Termination of Coverage

This Agreement shall be cancelled and shall terminate in the event any one of the following conditions occurs:

- Non-payment
In the event any Contract charge, including a Prepayment and any applicable finance charge or charges, is not paid to us when it is due, we will mail a Notice of Cancellation to you, the Subscriber, by first-class mail at his or her current address. Our receipt of payment of the Contract charge (including any Prepayment and all other applicable amounts and charges) within 15 days of the issuance of the notice of cancellation shall be sufficient to prevent cancellation and termination under this item. If payment of such charge is not received within this fifteen (15) day period, we may, at our option, either:

- Require that a new Application for Coverage be submitted, notifying you the Subscriber, of the conditions under which a new Contract will be issued or the original Application reinstated; or
- Elect to abide by this cancellation by returning to you, within 20 business days after receipt, any Prepayment for Coverage for periods after the effective date of cancellation.

Cancellation and termination of this Agreement under this paragraph shall become effective as of the last date of Prepayment. We shall be entitled to recover from the Subscriber any and all payments for Covered Benefits made on behalf of any Subscriber or the Subscriber's Dependent(s) after the last date of the period for which Prepayment was received.

**Voluntary Termination**

Coverage may be terminated by the Subscriber by one of the following termination dates:

- A Voluntary Termination request may be made by the subscriber either in writing, verbally, or by e-mail. Voluntary Termination requests may be submitted to PHP by the last day of the month in order to terminate the Coverage at the end of that current month.
- If the Voluntary Termination request is received after the last day of the month, the policy will terminate at the end of the following month.
- If a member voluntarily terminates, there would not be a Special Enrollment Period (SEP) to reapply for Coverage until the next open enrollment period.

**Ten-day review of Contract**

You are allowed a ten-day period, from the effective date of the Contract, to examine and return the Contract and have the premium refunded. If services were received during the ten-day period, and you return the Contract to receive a refund of the premium you paid, you must pay for such services.

**Automatic Termination**

This Agreement Shall be cancelled and your (Subscriber and Dependent) Coverage shall terminate in the event any one of the following conditions occurs.

- Your failure to pay required Cost Sharing
On the date we specify, this Agreement will terminate if you refuse to pay any required Cost Sharing amounts (Copayment and/or Coinsurance) for Health care Services rendered, provided that we send written notice to you (the Subscriber) at least 30 days in advance of such termination. We will not terminate your Coverage for nonpayment of Cost Sharing amounts during any period in which you are Hospitalized and receiving treatment for a life-threatening condition. In addition, we will not terminate your Coverage for refusal to follow any prescribed course of treatment.

- False Material Information/Rescissions

On the date we specify, this Agreement will terminate if you (the Subscriber) have knowingly given false material information in connection with your eligibility or enrollment of you or any of your Dependents, provided we send written notice to you (the Subscriber) at least 30 days in advance of such termination. In such case we, at our sole discretion, may terminate Coverage for you (the Subscriber) and all of you Dependents, and may make such termination effective retroactively as the date of enrollment. You shall be responsible for payment for all Health Care Services rendered hereunder as of the effective date of such termination and shall reimburse us for all such Health Care Benefit payments that we made on your behalf or on behalf of any of your Dependents.

- Medicare Eligibility

It is your responsibility to advise us when you become eligible for Medicare. We will terminate the coverage once Presbyterian is notified. You shall be responsible for payment for all Health Care Services rendered hereunder as of the effective date of such termination and shall reimburse us for all such Health Care Benefit payments that we made on your behalf or on behalf of your Covered Dependent who is eligible for Medicare at the end of the month for which premiums have been paid.

- Military Service

Coverage for you (Subscriber) and your eligible Dependents will terminate at the end of the month during which you entered into active military duty (except for temporary duty of 30 days or less).

- At the end of the Contract month in which you (the Subscriber) cease to physically live or work within the State of New Mexico, our Service Area. Coverage for all Dependents will terminate on the same date as your (the Subscriber’s) coverage.

- At the end of the month in which you (the Subscriber) or your Dependents cease to be eligible.

- On the date that adoption placement for the child originally placed for adoption, is disrupted prior to legal adoption, and is removed from placement.

- As of the date on which you permit the use of your Identification card by any other person we may, at our discretion, terminate Coverage for you and for all Dependents. We must send written notice to you (the Subscriber) at least 30 days in advance of such termination.
• If two or more Practitioners/Providers, after a reasonable effort, are unable to establish and maintain a satisfactory Practitioner/Provider patient relationship with you or any of your Dependents, then the rights of that Member under this Agreement may be terminated provided we send written notice to you (the Subscriber) at least 30 days in advance of such termination.

• If you or any of your Dependents are responsible for a material failure to abide by our rules and/or policies and procedure, then the rights of such Member under this Agreement may be terminated upon the date we specify, provided we send written notice to you (the Subscriber) at least 30 days in advance of such termination.

• We may terminate the Contract with you at the end of any month for Good Cause by giving written notice of termination 30 days prior to the effective date of termination. Upon termination of this Agreement, all payments and fees which are accrued and unpaid at the time of termination shall be due to us.

• If you or any of your Dependents are terminated for Good Cause, as defined in the Glossary of Terms Section, then you or any of your Dependents are not eligible for Individual Conversion.

• No statement (except a fraudulent statement) made by any Member in any Application for Coverage which is more than two years old can void this Coverage, or be used to deny a claim for loss incurred under this policy unless the Application or a true copy of it is incorporated in or attached to the Contract.

We will not terminate Coverage under this Agreement for any Member based solely upon the Member's health status, requirements for Health Care Service, race, gender, age, sexual orientation, or for refusal to follow a prescribed course of treatment. If you or your Covered Dependents believe that Coverage was terminated due to health status or health care requirements, you may Appeal the cancellation to the Superintendent of Insurance, at:

Mailing Address: Office of Superintendent of Insurance
Attention: External Review Request
P.O. Box 1689, 1120 Paseo de Peralta
Santa Fe, NM 87504-1689

Email: mhcb.grievance@state.nm.us
Fax: (505) 827-4734

Unless we agree, in writing, no Covered Benefits shall be provided under this Agreement following the date this Agreement terminates including, but not limited to, when you or your Covered Dependent remains in the Hospital after the date of termination of this Agreement.

We shall be entitled to recover from you (the Subscriber) any and all payments for Covered Benefits made on behalf of you or your Dependents after the last date this Agreement was in force.
Notice of Termination to Members

If this Agreement is terminated for cause, we will send a Notice of Cancellation to you (the Subscriber) no less than **30 days** prior to the effective date of termination.

- The notice will be dated
- State the reason(s) for termination
- State your right to file a Complaint with the Superintendent of Insurance if you feel you have been wrongly dis-enrolled (had your Coverage terminated)
- Provide information about your ability to enroll in a conversion plan
- Include other matters required by law, including information related to premium refunds, if any, and reinstatement

Continuation of Coverage of Your Plan

A Dependent(s) may transfer to a separate individual policy without further proof of insurability if a Dependent(s) loses eligibility due to any of these involuntary events:

- Divorce, annulment or dissolution of a marriage, or legal separation of the spouse from the Subscriber.
- At the end of the year of the 26th birthday of a Dependent Child they will offered to be auto-enrolled into a separate policy that will be effective January 1st.
- The Subscriber’s eligibility for Medicare.

Coverage will be continuous if a notice of change is received by us **within 60 days** of the qualifying event, however, the plan must remain the same as the original plan issued. If the notice of change is not received within 60 days of the qualifying event, this transfer of Coverage will not be available.

In the event of the death of the Subscriber, Coverage for enrolled Dependents will be continued without further proof insurability as long as Prepayments are continued. Please contact us for the appropriate paperwork required for this continuation of Coverage.

- Continuation of Coverage is not available when the terminating Member resides outside of the State of New Mexico.
- Continuation of Coverage is not available to any Dependent who is eligible for or enrolled in Medicare.
Premium Payment

This Section explains how premium payments are to be made to Presbyterian Health Plan.

Prepayments

Prepayments, as identified in the approval letter or any notice of Prepayment change, are payable in advance of the next month by the Subscriber or the financially responsible party to us at our offices in Albuquerque, New Mexico. Prepayments may be drafted each month from the Subscriber’s or financially responsible party’s bank account or credit/debit card as specified on the Subscriber’s application and outlined in the Subscriber’s approval letter or the Subscriber may select monthly “bill me” option.

If the transaction is returned by the Subscriber’s or financially responsible party’s financial institution for insufficient funds, account closed, authorization revoked, or any other reason caused by an act of the Subscriber or financially responsible party, payment of the amount billed plus a finance charge must be received by us within 31 days from the date the Prepayment was due. Failure to remit payment in full (including any applicable finance charge) within this timeframe will result in termination effective as of the last day of the month for which payment has been received.

Changes in Prepayments

We reserve the right to change the Prepayment amount for the Covered Benefits provided under this Agreement as follows:

- At the beginning of any month in which we have given the Subscriber 60 days prior written notice of change in Prepayment
- At the beginning of the month in which you (the Subscriber) changes Coverage classifications such as:
  - New geographic location
  - Addition of Dependent(s)
- On any date that the provisions of the Agreement are amended which result in a premium change. We shall give written notice of such change in Prepayment amount to you (the Subscriber) at least 60 days prior to the effective date of the Prepayment change.
General Provisions

This Section explains important information and provisions not covered in other sections of this Agreement.

Amendments (Group)

This Subscriber Agreement (Agreement) shall be subject to amendment, modification, or termination in accordance with their provisions or by mutual agreement in writing between us and the Subscriber. By electing Coverage or accepting benefits under this Agreement, you (the Subscriber) and all Members legally capable of contracting, agree to all the terms, conditions, and provisions of this Agreement.

Assignment

All your rights to receive benefits and services are personal and may not be assigned.

Availability of Provider Services

PHP does not guarantee that a Hospital, facility, Physician, or other Practitioner/Provider will be available in the PHP network.

Entire Contract

This Agreement, the Summary of Benefits and Coverage, any amendments, Endorsements, supplements or riders, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive office of the insurance company and unless such approval and countersignature be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

Execution of Contract - Application for Coverage

The parties acknowledge and agree that your signature or execution of the Application shall be deemed to be your acceptance of the Contract, including this Agreement. All statements, in the absence of fraud, made by any applicant (you and/or your Dependents) shall be deemed representations and not warranties. No such statements shall void Coverage or reduce benefits unless contained in a written Employee Action Form and/or Uniform Medical Assessment Form, which is an Application for Coverage.

Federal and State Health Care Reform

We shall comply with all applicable state and federal laws, rules and regulations. In addition, upon the compliance date of any change in law, or the promulgation of any final rule or regulation which directly affects our obligations under this Agreement, this Agreement will be deemed automatically amended such that we shall remain in compliance with the obligations imposed by such law, rule or regulation.
Fraud

We are required to cooperate with government, regulatory and law enforcement agencies in reporting suspicious activity. This includes both Practitioner/Provider activity and Member activity.

Practitioner/Provider Activity

If you suspect that a Practitioner, pharmacy, Hospital, facility or other Health Care Professional has done any of the items listed below, please call the Practitioner or Provider and ask for an explanation. There may be an error.

- Charged for services that you did not receive
- Billed more than one time for the same service
- Billed for one type of service, but gave you another service (such as charging for one type of equipment but delivering another less expensive type)
- Misrepresented information (such as changing your diagnosis or changing the dates that you were seen in the office)

If you are unable to resolve the issue, or if you suspect any other suspicious activity, please contact our Special Investigative Unit (SIU) hotline at (505) 923-5959 or toll-free within New Mexico at 1-800-239-3147. This confidential voicemail box is available 24 hours a day. Any information you provide will be treated with strict confidentiality. Member Activity

Anyone who knowingly presents a false or fraudulent claim for payment of a loss, or benefit or knowingly presents false information for services is guilty of a crime and may be subject to civil fines and criminal penalties. We may terminate enrollment for any Member for any type of fraudulent activity. Some examples of fraudulent activity are:

- Falsifying enrollment information
- Allowing someone else to use your ID Card
- Forging or selling prescriptions
- Misrepresenting a medical condition in order to receive Covered Benefits to which you would not normally be entitled
Governing Law

This Agreement is made and shall be interpreted under the laws of the State of New Mexico and applicable federal rules and regulations.

Identification Cards

We issue Identification (ID) Cards to you, pursuant to the GLA, for identification purposes only. Possession of our ID Card confers no rights to services or other benefits under this Contract. To be entitled to such services or benefits, the holder of the ID Card must, in fact, be a Member on whose behalf all applicable Contract charges have actually been paid. If you or any family Member permits the use of your ID Card by any other person, all your rights and other Members of your family pursuant to this Agreement may be immediately terminated at our discretion. Any person receiving services or other benefits to which he or she is not then entitled pursuant to the provisions of this Contract shall be charged therefore at the rates generally charged in the area for medical, Hospital and other Health Care Services.

Legal Actions

No action at law or in equity shall be brought to recover on this Agreement by the Group or a Member prior to the expiration of 60 days after written proof of loss has been furnished, in accordance with the requirements of this Agreement. No such action shall be brought after the expiration of three (3) years after the time written proof of loss is required to be furnished.

Misrepresentation of Information

If, in the first two (2) years from the effective date of your and/or your Dependents Coverage, we determine that you intentionally omitted information from your Employee Action Form, the Universal/Uniform Medical Assessment form or other Coverage Application and/or you provided fraudulent or false information, the Coverage for you and/or your Dependent shall be null and void from the effective date. In the case of fraud, no time limits shall apply and you will be required to pay for all benefits that we have provided.

Misstatements

No misstatements, except fraudulent misstatements, made by the applicant in the Employee Action Form, the Universal/Uniform Medical Assessment Form or other Application for Coverage for this Contract shall be used to void the Contract or to deny a claim for loss incurred or disability (as defined in this Subscriber Agreement).

Notice

If we are required or permitted by this Agreement to give any Notice to the Group, Subscriber or Member, it shall be given appropriately if it is in writing and delivered personally or deposited in the United States mail with postage prepaid and addressed to the Group, Subscriber or Member.
at the address of record on file at our principal office. The Group is solely responsible for ensuring the accuracy of its addresses and the Subscriber and/or Member is solely responsible for ensuring the accuracy of his/her address of record on file with us.

**Policies and Procedures**

We may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of this Agreement.

**Reinstatements**

We may reinstate this Agreement after termination without the execution of a new Application or the issuance of a new Identification Card or any notice to the Subscriber or Member, other than the unqualified acceptance of an additional payment from the Group or Remitting Agent.

**Right to Examine**

We, at our own expense, shall have the right and opportunity to examine you when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

**Waiver by Agents**

No agent or other person, except an officer of Presbyterian Health Plan has the authority to waive any conditions or restrictions of this Agreement, to extend the time for making payment, or to bind Presbyterian Health Plan by making promise or representation or by giving or receiving any information. No such waiver, extension, promise, or representation shall be valid or effective unless evidenced by an Endorsement or amendment in writing to this Agreement or the applicable non-Group Membership Letter of Agreement signed by one of the aforesaid officers.

**Workers' Compensation Insurance**

This Agreement is not in lieu of and does not affect any requirement for Coverage by the New Mexico Workers Compensation Act. However, an employee of a professional or business corporation may affirmatively elect not to accept the provisions of the New Mexico Workers Compensation Act. More specifically, an employee may waive workers’ compensation Coverage provided that the following criteria have been met:

- The "employee" is an executive officer of a professional or business corporation; and
- The “employee” owns ten percent (10%) or more of the outstanding stock of the professional or business corporation.
For purposes of the New Mexico Workers Compensation Act, an "executive officer" means the chairman of the board, president, vice-president, secretary or treasurer of a professional or business corporation.

In the event that an employee chooses to opt out of workers’ compensation Coverage, and meets the criteria as stated above, PHP will provide 24-hour health care Coverage to those employees, subject to the eligibility requirements for Coverage with PHP. In addition to meeting all of PHP's eligibility requirements, documentation indicating that the aforementioned criteria have been met will be required in order for Coverage with PHP to become effective.
Glossary of Terms

This Section defines some of the important terms used in this Agreement. Terms defined in this Section will be capitalized throughout the Agreement.

Abortion (excepted and non-excepted) Excepted are services defined as such by the Affordable Care Act (ACA). Earn Rewards for Wellness

As a Presbyterian Individual and Family Plan member, you can earn wellness rewards simply by exercising and maintaining a healthy lifestyle. Earn rewards by tracking your daily activity, getting a flu shot, completing your Personal Health Assessment (PHA) or by watching our wellness workshop videos. Members over the age of 18 can earn up to $400 per year!

How to Earn Rewards

We reward you for exercising

When you link your Fitbit or any other tracking device to Wellness at Work, our wellness portal, we will automatically track the number of days you reach the goal of 10,000 steps. Most devices will record ‘steps’ when riding a bike and many are even waterproof to include swimming as an activity. You will receive one point for every day you meet your goal of 10,000 steps.

Get Your Flu Shot

Earn 20 points for getting your annual flu shot and by self-reporting in Wellness at Work. The date and location will be required.

Complete Your Personal Health Assessment (PHA)

You will earn 25 points for completing your PHA through Wellness at Work. You can earn one PHA reward per calendar year.

Wellness Workshops

Complete one of our many workshops available at Wellness at Work and earn points. Points will be based on the length of the program you complete.

- 20 points for a two- to four-week program
- 40 points for a four- to six-week program
- 60 points for a 12-week program

Program Highlights

- Points for flu shot and completion of the PHA are awarded once annually
- Every point earned is worth $1
- You can redeem your points in increments of $25 at any time once you reach a minimum of 25 points
- Rewards must be redeemed within 30 days after the annual plan year ends*

*Rewards may be in the form of an Amazon.com gift card and could take up to six weeks to receive from the end of a quarter.

How to Register

What is Prime?
Prime Fitness is a physical activity solution offered by Healthways. It addresses the needs of employer groups and other sponsoring organizations to reduce health care claims costs and increase engagement by providing a network of contracted fitness centers that their commercial population can use to become more physically active.

Which locations can I use?
Locations available for Presbyterian eligibles can be found at: phcprime.healthways.com, under “Find A Fitness Center.” You may search for the nearest Prime location by a specific address, city, state or ZIP code.

The Prime network features independents, nonprofits, regional chains and national providers. Our locations have a wide variety of amenities to suit your fitness goals.

Do I have to sign up for only one location or can I go to several?
Your Prime membership allows you to go to any participating location within the Prime network as many times as you wish. You can attend a group exercise class near your work, do some weight training near your home or use a pool at a Prime location if you’re traveling. Just bring your Prime card or your Member ID to the location of your choice.
I didn’t receive my Prime card. Do I need one to visit a Prime gym?

If you haven’t received your Prime card, you can print a temporary card from the website. Go to: phcprime.healthways.com. Under “My Member Card” you can simply print your member card, take it to the location of your choice and enroll. If you’re unable to print your card, just write down the 16-digit Member ID that appears on the screen and present it to the location of your choice.

Most locations will then issue you their own card to use whenever you visit. However, some locations ask that you use your Prime card when you visit. You can use the printed version of your card or request a new card if you have not received it. You may order a new card through “My Member Card.” Simply click on the “Order a New Card” link, verify your mailing address and press “confirm.” A Prime card will be sent to you in ten business days.

I lost my Prime card. How do I order a new one?

If you’ve lost your Prime card, you can print a temporary card from the website. You may go to phcprime.healthways.com. Under “My Member Card” you can simply print your member card, take it to the location of your choice and enroll. If you’re unable to print your card, just write down the 16-digit Member ID that appears on the screen and present it to the location of your choice. Most locations will then issue you their own card to use whenever you visit.

However, if you’ve enrolled at a location that needs your Prime card whenever you visit, you can continue to use the printed version of the card or request a new card. You may order a new card through “My Member Card.” Simply click on the “Order a New Card” link, verify your mailing address and press “confirm.” A Prime card will be sent to you in ten business days.
