

Free Community Drive-thru Flu Shots

Saturday, October 24

10 a.m. to 2 p.m.

Lincoln County Medical Center

211 Sudderth Dr, Ruidoso

To ensure a quick and easy process, please read and follow these guidelines:

- The vaccine will be given to adults and children 6 years old and up who have had a previous flu vaccine.
- Plan on spending at least 30 minutes or more in your car at the flu shot clinic. Vaccines will be given while you are in your car.
- Your car must be standard height (no lift kits) so the nurse can reach the window.
- Masks are required and should cover both your mouth and nose at all times. No valved masks, neck gaiters or bandanas.
- Wear a short-sleeve top for easy access to your arm.

The 2020 flu vaccine protects against predicted strains of seasonal influenza we are likely to see in North America.

As a reminder, the flu vaccine does not protect you against COVID-19. For COVID-19 resources and information, please visit www.phs.org/COVID-19.
