Thank You for Choosing Presbyterian Centennial Care

The provider and pharmacy directory is current as of October 23, 2020.

We exist to improve the health of the patients, members and communities that we serve.

We manage healthcare services for New Mexico’s Centennial Care program. We can help you find and access services for physical, behavioral (mental) and long-term care health services.

This provider directory lists the providers (primary care and specialists), hospitals, facilities and pharmacies that were in our Centennial Care network at the time of its printing.

We strive to give you the most up-to-date information possible. You can also call customer service and they will tell you if a provider was added to the list since the directory was printed.

If you would like a printed copy in Spanish, please call customer service. They will note your preferred language in your file. If you request materials in Spanish, we will send you any other materials in Spanish in the future. Customer service can also help you with information in other languages.

Using the Provider Directory

You can use the table of contents to look for the type of provider you need. We use the symbols below next to the provider’s name to give you more information about the provider:

- The provider is board-certified.
- The provider supports electronic prescribing. Provider orders your prescription for drugs electronically instead of giving you a paper prescription.
- The provider is not accepting new patients.
We are always adding providers to our network. Visit our website, www.phs.org, to see the most up to date directory online. You can search providers by:

- Full name
- Gender
- Specialty – area in which a provider has received advance training
- Group affiliations – the group with which the provider is contracted
- Accepting new patients – primary care providers (PCPs) are only listed when the provider is accepting new patients
- Languages spoken by the provider
- Office location – physical address where the provider practices, including distance from your address/ZIP code or current location for the web-based directory
- Office hours
- Facility name
- Facility location

Presbyterian Customer Service Center

- TTY: 711.
- In Albuquerque (Navajo/Diné): (505) 923-5157.
- Outside Albuquerque (Navajo/Diné): 1-888-806-8793

We can help you:

- Find a provider
- With a medical or behavioral (mental) health problem or complaint
- Get transportation to medical and behavioral health appointments if you do not have a ride
- With translation or interpretation services
If you want more information before choosing a provider, we can tell you:

- What languages the provider speaks
- The provider’s board-certification status
- Where a provider went to medical school

**Primary Care Providers**

A primary care provider (PCP) is your personal healthcare expert. You and your PCP work together to improve your health. Your PCP will help you prevent health problems. He or she will take care of you if you have any health problems. If you have Centennial Care Medicaid with Medicare primary coverage, your Medicare coverage will not change. You do not have to pick a new PCP.

**Find the PCP Who is Right for You**

We want you to have a PCP who is right for you. Customer service can help if you:

- Need to pick a PCP
- Want to change your PCP
- Do not know the name of your PCP

**Keep Your PCP Informed**

Talk to your PCP about all of your health problems. Your PCP needs your help to understand your special needs. Then he or she can give you the care you need.

**Call Your PCP First When You Have a Health Problem**

Your PCP is first on your list when you have a health problem. Talk to your PCP before you go to a specialist. Your PCP is the expert who can refer you to the right specialist. He or she will take care of all the covered services you need. Your PCP will guide you through the healthcare system.

**Sometimes You Can Go to a Specialist First**

You can go to a specialist on your own (without a referral from a PCP) for:

- Behavioral (mental) health care
- Family planning
- Routine OB/GYN care
- Routine eye or dental care

Tell your PCP about visits to specialists. It helps your PCP do a better job to improve your health. But it is always your right to keep these visits private. You do not have to tell your PCP about your specialist.
Contact a Care Coordinator

You may contact our Care Coordination department about your healthcare needs. If you already have a care coordinator, you may contact him or her directly. You can contact a care coordinator to help you Monday through Friday from 8 a.m. to 5 p.m. at (505) 923-8858 or toll-free at 1-866-672-1242.

Transportation

If you need a ride to your appointment, please call customer service. You may also call the transportation provider, Superior Medical Transportation, directly at 1-855-774-7737. You can read about your transportation benefit in your Presbyterian Centennial Care Member Handbook.

*Such services are funded in part with the State of New Mexico.*
This directory shows the most current and correct information available at the time this was published. When you schedule an appointment with a practitioner or provider, check with them to be sure that the information in this directory is correct. Or contact the Presbyterian Customer Service Center 8 a.m. to 6 p.m., Monday to Friday (except holidays). You can e-mail them at info@phs.org, or call them at (505) 923-5200 or toll-free at 1-888-977-2333 (TTY: 711). You can also view the most up-to-date directory online at www.phs.org/directory.
